Wollongong Cycling Map and Guide Printing Instructions

If you wish to print this map on your A4 or A3 printer it is recommended that you print the section you are interested in as printing the entire map on these paper sizes will map the map illegible. The following instructions show you how to print a selected area of the map using Adobe Reader.

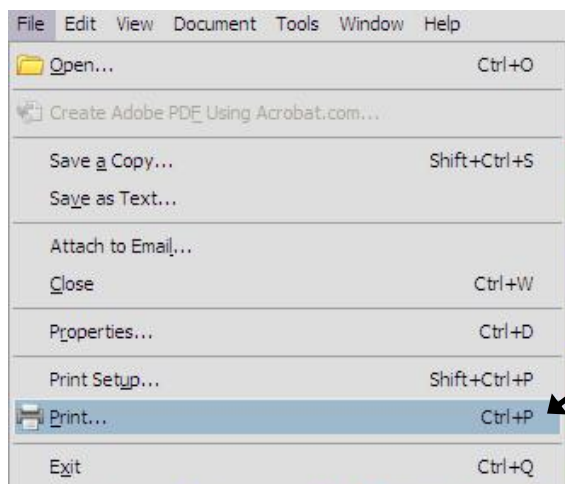

Step 1 – Open the file in Adobe Reader and select the **Snapshot Tool** via the icon shown below

Step 2 – Select the area of the map you wish to print by clicking and dragging the mouse (you may receive a message that says that “the selected area has been copied”, if so click “OK”)

Step 3 – Click “**Print...**” in the File menu

Step 4 – Check the following options are selected in the Print window then click “OK”:

- **“Selected Graphic”** (under “Print Range”) should be selected.
- **“Shrink to Printable Area”** (under “Page Scaling”) will keep the original scale of the map where possible otherwise it will shrink the selected area to match your paper size.
- **“Fit to Printable Area”** (under “Page Scaling”) will fit the image to your paper size and may be at a smaller or larger scale than the original map.
