

Privacy Notification (Privacy and Personal Information Protection Act 1998 – Section 10) - The personal information that Council is collecting from you on this application form is personal information for the purposes of the Privacy and Personal Information Protection Act 1998 ('the Act'). The intended recipients of the personal information are officers within the Council and any person wishing to inspect the application in accordance with the Local Government Act 1993 or the Government Information (Public Access) Act 2009. The supply of the information by you is not voluntary and if you cannot provide or do not wish to provide the information sought, the Council will be unable to process your application. You may make application for access or amendment to information held by Council. You may also make a request that Council suppress your personal information from a public register. Council will consider any such application in accordance with the legislation. Council is to be regarded as the agency that holds the information. Enquiries concerning this matter can be addressed to Council by telephoning 4227 7111.

Office Use Only

This form may be used where minor construction works present minimal or no geotechnical impact on the site or related land. A geotechnical engineer or engineering geologist must inspect the site and/or review the proposed development documentation to determine if the proposed development requires a geotechnical report to be prepared to accompany the development application. Where the geotechnical engineer determines that such a report is not required then they must complete the form and attach design recommendations where required. A copy of this form with design recommendation, if required, must be submitted with the development application.

Note: In all situations, this form will need to be accompanied by form M12 where the structural engineer or civil engineer certifies that any residential structure designed or erected in accordance with the plans and specifications prepared by the structural engineer or civil engineer achieve the performance requirements of clause 1.3 of the current version of AS 2870.

Note: The use of this form does not preclude the geotechnical consultant from requiring a geotechnical report.

SECTION 1 APPLICATIONS SUBMITTED ON THIS FORM

Reference	What is the Council development application number?
DA Site Address	
DA Applicant	

SECTION 2 DECLARATION

List Documents <i>(More space on Page 2 if required)</i>	Description	Plan or Document Number	Revision or Version Number	Date	Author

SECTION 3 DECLARATION

Declaration <i>(Tick all that apply)</i>	<p>I am a geotechnical engineer or engineering geologist as defined by Council's geotechnical DCP and I have inspected the site and reviewed the proposed development at the DA Site Address described above. As a result of my consideration of Part 3 of Council's Geotechnical DCP, site inspection and review of the documentation listed above, I have determined and declare that on behalf of the company below:</p> <p><input type="checkbox"/> the current load-bearing capacity of the site will not be exceeded or be adversely impacted on by the proposed development, and</p> <p><input type="checkbox"/> the proposed works are of such a minor nature that the requirement for geotechnical advice in the form of a geotechnical report, prepared in accordance with Council's Geotechnical DCP, is considered unnecessary for the adequate and safe design of the structural elements to be incorporated into the new works, and</p> <p><input type="checkbox"/> In accordance with AS 2870 Residential Slabs and Footings, the site is to be classified as a type: <input type="text"/></p> <p><input type="checkbox"/> I have attached design recommendations to be incorporated in the structural design in accordance with this site classification.</p> <p><input type="checkbox"/> I have professional indemnity insurance in accordance with Council's Geotechnical DCP of not less than \$2 million, being in force for the year in which the report is dated, with retroactive cover under this insurance policy extending back to the engineer's first submission to Council.</p> <p><input type="checkbox"/> I am aware that this declaration shall be used by Council as an essential component in granting development consent for a structure to be erected on the subject site or related land without requiring the submission of a geotechnical report in support of the development application.</p>
