

## Take care, stay safe

### New FOGO liners to be rolled out

It will be the one year anniversary of the launch of Wollongong City Council's Food Organics Garden Organics (FOGO) collection this November, and we are preparing to mark the milestone date with the delivery of a new bundle of compostable liners for your caddy.

The liners are due to be dropped off to all households with an existing caddy between October and November. The new roll is expected to last about 12 months with three liners per week considered the average use rate.

If you do run out of liners in the meantime you can either go without and just tip the caddy's contents into the green-lidded organics bin, or pick up some from supermarkets or other retailers. Just be sure to look for the Australian Standard of AS4736 and the seedling logo on the wrapping so you know it's made out of the right compostable materials.

The liners are in the same style as the previous ones and those who aren't using their FOGO bins can opt out of receiving the delivery before 5 November. You can opt out

by contacting Remondis on 1300 362 360 or by filling out the feedback form on the Wollongong Waste website at [wollongongwaste.com.au/feedback](http://wollongongwaste.com.au/feedback).

The liners will be delivered from late October with everyone to have received them by Friday 19 November 2021. Since the launch of FOGO residents have kept an average of 400 tonnes of food waste a month out of landfill.

To find out more about FOGO, including details of what does and doesn't go in your caddy, visit the Wollongong Waste website.
