#### • Proposed Road Safety Improvements for Towradgi Road, Towradgi

To improve safety for people crossing Towradgi Road near the Carters Lane intersection, we're proposing to remove and replace the existing zebra crossing with a new pedestrian refuge that meets current road safety standards. We're also proposing to install speed humps on either side of the railway bridge, to reduce vehicle speeds in both directions and help stop rear-end crashes for westbound traffic waiting at the Memorial Drive intersection. We'd like to find out what you think of these proposed road safety improvements.

Feedback closes 22 June 2020.

#### • The Ridge Helensburgh – Footpath design and Construction

As part of our commitment to improving access and safety for pedestrians, we are planning to construct a new footpath along The Ridge Helensburgh, starting from the edge of the Crown Reserve near the train station and ending at the intersection of Maidstone, Fletcher, Junction Streets Helensburgh to improve pedestrian safety. We are asking the community for feedback on the design.
