9 ABORIGINAL PUBLIC ART PROJECT – WOLLONGONG CBD

Council's Cultural Development team is planning for a major Aboriginal Artwork/s to be placed in the Wollongong CBD area as part of its public art program. Scott Morgan has been meeting with Cultural Development to discuss an Engagement process with the Aboriginal Community for the themes and possible location/s of the Artwork/s and an Aboriginal artist/s to do the work. They need to have local knowledge on how to present artwork, the location of artwork, sketch, design on small scale taken to large scale.

It was noted that Council has developed Aboriginal Artwork before like at the public toilet at Coomaditchie which has mosaic art and Uncle Vic's ceramics displayed at the tree at Figtree.

Scott will update the Group at the next meeting.

10 COMMUNITY DEVELOPMENT WORKER UPDATE

Aboriginal Cemetery Project. Beck, Armando, Aunty Shaz & John Chilby (Council's Operations Manager, Crematorium & Cemeteries) continue to meet about developing the Aboriginal Cemetery designated space at Kembla Grange Memorial Garden. Local Aboriginal Land Council at La Perouse also have an area set aside by Waverly Council. They gave up Land claim, title and deeds for 125 plots valued at \$18,000.00 per plot.

Aunty Shaz put forward that a partnership with Council needs to be formed to address the financial burden placed on the Aboriginal Community when it comes to burying their loved ones and that Council should waive its fees. The Aboriginal Cemetery Working Group will continue to meet to progress how the space can be culturally appropriate when operational and what factors need to be considered for that to occur.

Reconciliation Conference – this has been postponed until October.

Saltwater Festival at Bundaleer – proposed Festival set down on 28 April 2020 will probably be postponed due to Coronavirus.

NAIDOC Week Grants – applications are now open. Please let your contacts know.

Intellectual Property Rights – in relation to the Aboriginal Signage project, Scott has noted this to be addressed in the project.

11 WELCOME TO COUNTRY

It is the Chair's understanding that as a result of a community member's complaint about the choice of who conducted a Welcome to Country recently (that was arranged by the Illawarra Aboriginal Corporation – IAC) the IAC board will be discussing the complaint at their board meeting in relation to their Welcome to Country protocol and list of suitable persons.

12 ITEMS TO BE INCLUDED AT THE NEXT MEETING

Beck will be undertaking an evaluation of the Aboriginal Reference Group as to the frequency, structure and type of meetings, membership of the group etc, with a view to suggested changes to increase it being mutually beneficial for the Aboriginal membership of the group who attend and Council to achieve the aims of the Reference Group as listed in its Charter.

13 GENERAL BUSINESS

Reconciliation Walk – 29 May 2020. We are forging ahead with this at present. Currently the proposed route is starting at Bellambi Point and walking to Bellambi Public School. Spread the word among your contacts.

Aboriginal Engagement Framework & Aboriginal Signage Framework – Scott advised this is in draft form, it will be submitted to management for approval and will be referred to the Reference Group. There is a big gap in the way we have worked in the past. The framework outlines Council's responsibilities on what's required, protocols covering all aspects of making it more culturally appropriate as to how Council engages better with our Aboriginal community. Compliments to Scott for working on this project.
