The Operating Result deficit of \$17.7M is a favourable variance of \$3.6M compared to budget.

This result excludes the non-cash variations and transfers to and from Restricted Assets but includes the variation in cash payments for Employee Entitlements. This result best represents the operational budget variations that impact our funding position and current financial capacity.

The Total Funds result as at 28 March 2025 is a favourable variance of \$2.4M compared to phased budget.

The Funds Available from Operations variation includes the impacts of expenditure on the April natural disaster that has not been clarified as recoverable \$1.2M. The continuing impact of the Natural Disaster is not fully known, and work continues substantiating external funding opportunities that may be available to offset associated expenses.

At the end of March, the Capital Works Program had an expenditure of \$64M compared to a budget of \$72.4M.

FINANCIAL POSITION

Cash, Investments & Available Funds

Council's cash and investments decreased during March 2025 to holdings of \$190.0M compared to \$199.9M at the end of February 2025. A significant portion of these funds are subject to restriction meaning they can only be utilised for specific purposes. As a result, Council's true available cash position is more accurately depicted by considering available funds that are uncommitted and not subject to restriction.

Internal restrictions are funds that Council has determined will be used for a specific future purpose, although Council may vary that use by resolution of Council. Further details on the internal and external restrictions can be found in the Cash Flow Statement (Attachment 1).

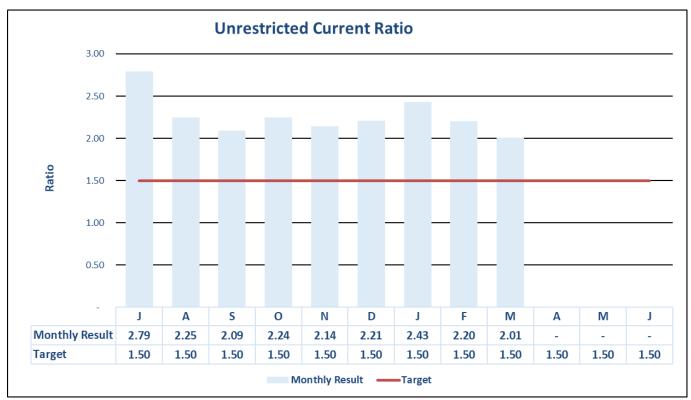

The level of cash and investments in Council's available funds position is still above the Financial Strategy target range of 3.5% to 5.5% of operational revenue (pre-capital) due to the impact of the early

payment of the Financial Assistance Grant. The decrease in cash and investments is in line with anticipated cash flows.

The Unrestricted Current Ratio measures the Council's liquidity position or ability to meet short term obligations as they fall due. The below graph reflects Council's performance against the Local Government benchmark of greater than 1.5 times.

Borrowings

Council has no outstanding loans as at 28 March 2025. Council's Financial Strategy includes provision for additional borrowing in the future and Council will consider borrowing opportunities from time to time to bring forward the completion of capital projects where immediate funding is not available.

Infrastructure, Property, Plant & Equipment

The Statement of Financial Position shows \$4.04B of Property, Plant and Equipment at net carrying value, and gross replacement cost \$7B (excluding \$117M in Work In Progress) that are controlled and managed by Council on behalf of the community as at 28 March 2025.
