BACKGROUND

The Cringila Community Hall is located on Lake Avenue, Cringila. Inspection and subsequent investigations of the large Cringila Community Hall has indicated both the kitchen and amenities require upgrading and reconfiguration to bring the building up to an acceptable compliant and community standard while also removing hazardous materials located at various locations within the building. A scope of work was prepared which included:

- Replacement of roof sheeting, gutters and rainwater goods
- Upgrade of the kitchen and amenities to improve condition, functionality and achieve compliance with current standards
- Communication and electrical distribution board upgrades to meet current standards, and
- Removal of asbestos and other identified contaminants.

Tenders were invited from five contractors by the selective tender method with a close of tenders of 10.00 am on Tuesday, 10 October 2017.

Four tenders were received by the close of tenders and all tenders have been scrutinised and assessed by a Tender Assessment Panel constituted in accordance with Council's Procurement Policies and Procedures and comprising representatives of the Project Delivery, Finance, Human Resources, Governance and Information and Library and Community Services Divisions.

The Tender Assessment Panel assessed all tenders in accordance with the following assessment criteria and weightings as set out in the formal tender documents:

- 1 Cost to Council – 50%
- 2 Appreciation of scope of works and construction methodology – 15%

- 3 Demonstrated experience and satisfactory performance in undertaking projects of a similar, scope and risk profile – 10%
- 4 Project Schedule – 10%
- 5 Demonstrated Strengthening of Local Economic Capacity – 5%
- 6 Workplace Health and Safety Management system – 5%
- 7 Environmental Management Policies and Procedures – 5%

The mandatory assessment criteria have been met by the recommended tenderer.

The Tender Assessment Panel utilised a weighted scoring method for the assessment of tenders which allocates a numerical score out of 5 in relation to the level of compliance offered by the tenders to each of the assessment criteria as specified in the tender documentation. The method then takes into account pre-determined weightings for each of the assessment criteria which provides for a total score out of 5 to be calculated for each tender. The tender with the highest total score is considered to be the tender that best meets the requirements of the tender documentation in providing best value to Council. Table 1 below summarises the results of the tender assessment and the ranking of tenders.

TABLE 1 – SUMMARY OF TENDER ASSESSMENT

| Name of Tenderer | Ranking |
|--|---------|
| Batmac Constructions Pty Ltd | 1 |
| Project Coordination (Australia) Pty Ltd | 2 |
