

ITEM 7

PROPOSED SUPPORT TO ADDRESS GAZETTAL ANOMALY AND TRANSFER OWNERSHIP OF UNFORMED ROAD TO NATIONAL PARKS & WILDLIFE SERVICE

Due to a gazettal anomaly, an unnamed Council public road reserve traverses Lot 191 DP 1204076, being Crown Land that is part of the Royal National Park (the Subject Road). The Subject Road is unformed and inaccessible and is managed by the National Parks and Wildlife Service (NPWS) as National Park. The NPWS seeks Council's support to address the gazettal anomaly by formally reserving the Subject Road as National Park, effectively transferring ownership of the Subject Road to the NSW Minister for Energy and Environment.

RECOMMENDATION

- 1 Council support the proposal by the National Parks and Wildlife Service to formally reserve the unnamed road reserve that traverses Lot 191 DP 1204076 as shown crosshatched on Attachments 1 and 2, as National Park, effectively transferring ownership of the road reserve to the NSW Minister for Energy and Environment.
- 2 The National Parks and Wildlife Service be responsible for preparation, and if necessary, registration of all necessary documentation to effect the reservation.
- 3 The National Parks and Wildlife Service be responsible for any and all costs in relation to this matter.
- 4 Approval be granted to affix the Common Seal of Council to any documentation required to give effect to this resolution.

BACKGROUND

Background regarding the road

The road reserve shown crosshatched in Attachments 1 and 2 is a public Council road under the ownership and control of Wollongong City Council as the relevant road's authority.

The road traverses through Lot 191 DP 1204076 being Crown Land that is part of the Royal National Park (refer Attachment 3).

The Subject Road was opened using plan 2495-1603 (refer Attachment 4), being a "Plan of a road proposed to be opened as a public Parish road under act of Council 4 William IV No. 11" dated 25 January 1883.

The three required stages of opening a public Parish road were completed as follows:

1. Preliminary notification was posted in the NSW Government Gazette of 28 January 1885 at Folio 799 (refer Attachment 5)
2. Confirmation of the road opening was posted in the NSW Government Gazette of 22 December 1885 at Folio 8303 (refer Attachment 6)
3. Notification of the opening of the road was posted in the NSW Government Gazette of 14 June 1887 at Folio 3939 (refer Attachment 7).

On opening, the Subject Road became a public road vested in Council as the appropriate road's authority at that time.

Further confirmation of the status of the Subject Road is shown in an extract of the regional charting map of the Parish of Bulgo (refer Attachment 8) which denotes the Subject Road as a public road.

Details of the road

The approximate area of the Subject Road is two hectares.

The area in which the Subject Road sits is zoned E1 National Parks and Nature Reserve and is managed by the NPWS as National Park.

The Subject Road is unformed and is not accessible by the public.

Background regarding the Royal National Park

The Royal National Park was reserved on 1 October 1967 by the *National Parks and Wildlife Act 1967*, as shown in the attached extract of the *National Parks and Wildlife Act 1967* (see Attachment 9). The park was defined on the plan known as "Ms. 20301 Sy" (see Attachment 10).

The reservation specifically excluded public roads within the external boundaries of the park, meaning that the Subject Road is excluded from the Royal National Park reservation.

Proposal from National Parks and Wildlife Service

On 13 July 2020 Council received a letter from NPWS, summarised as follows:

- NPWS is undertaking a series of upgrades to the Royal Coast Track in Royal National Park, including sections of track within the Wollongong City Council.
- During delivery of the project a gazettal anomaly has been identified showing an existing road reserve in the ownership of Wollongong City Council that lies within the boundary of the Royal National Park (ie the Subject Road).
- NPWS would like to correct the anomaly and seeks Council's support to have the Subject Road formally reserved as part of the Royal National Park. Such reservation would be carried out under the *National Parks and Wildlife Act 1974* and would have the effect of closing the road reserve, and ownership of the land comprising the Subject Road would then be transferred to the NSW Minister for Energy and Environment by means of reservation as National Park. This process negates the need for any formal road closure action.
- NPWS requires a formal resolution of Council supporting the transfer of land to the NSW Minister for Energy and Environment by means of reservation as National Park.

PROPOSAL

The Subject Road is unformed, inaccessible, and is already managed as National Park. Given that there were no objections from the relevant divisions of Council, it is proposed that Council resolves to support the proposal by the NPWS to formally reserve the Subject Road as National Park, effectively transferring ownership of the Subject Road to the NSW Minister for Energy and Environment.

CONSULTATION AND COMMUNICATION

A referral was sent to the following relevant sections of Council with no objections raised:

- Land Use Planning
- Infrastructure Strategy and Planning
- Parks and Open Spaces
- Natural Areas
- Heritage
- Environmental Planning.

PLANNING AND POLICY IMPACT

This report contributes to the delivery of Wollongong 2028 goal 1 “We value and protect our environment”.

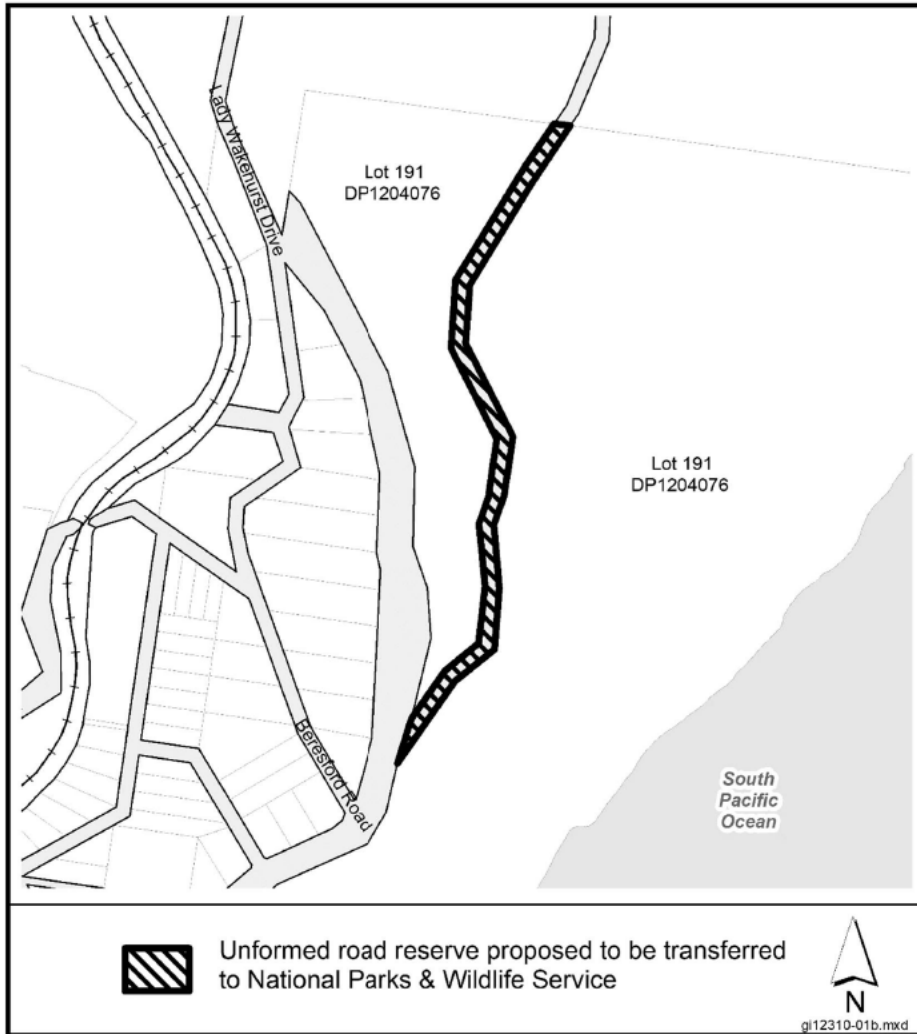

It specifically delivers on core business activities as detailed in the Property Services Service Plan 2020-21.

FINANCIAL IMPLICATIONS

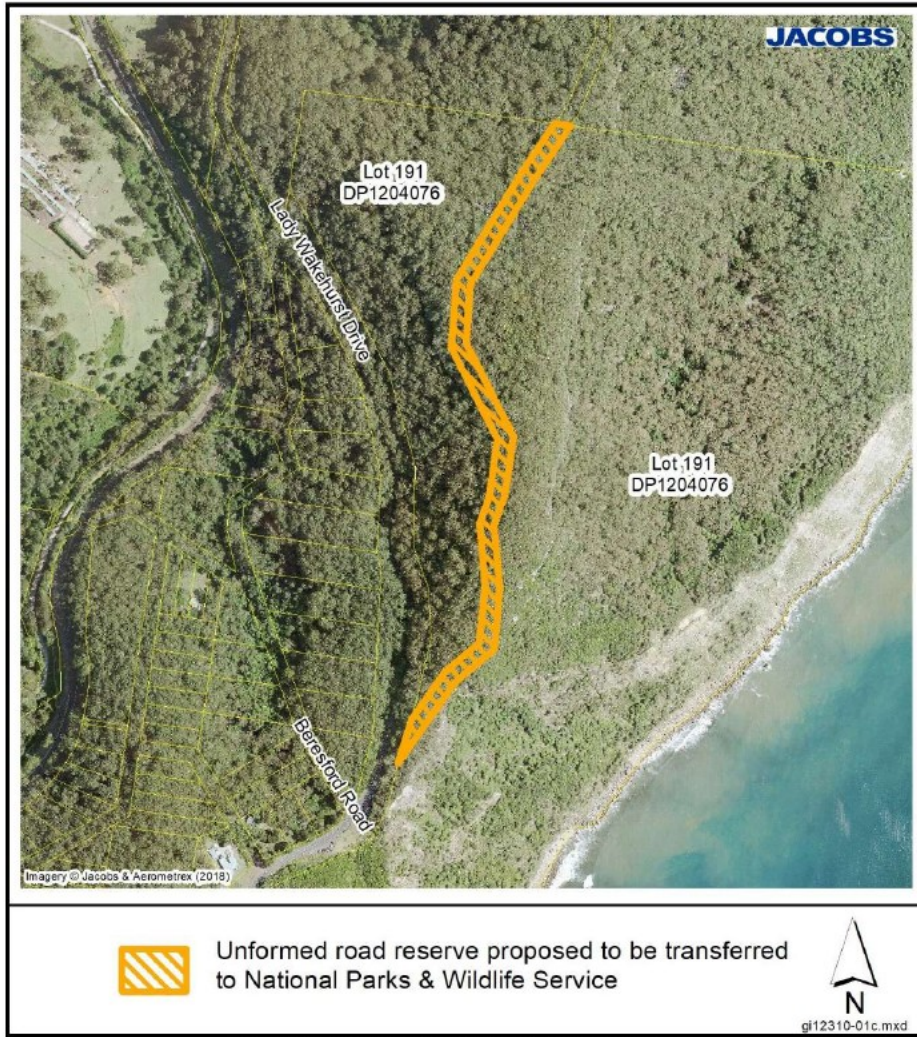

There no financial implications associated with this proposal.

CONCLUSION

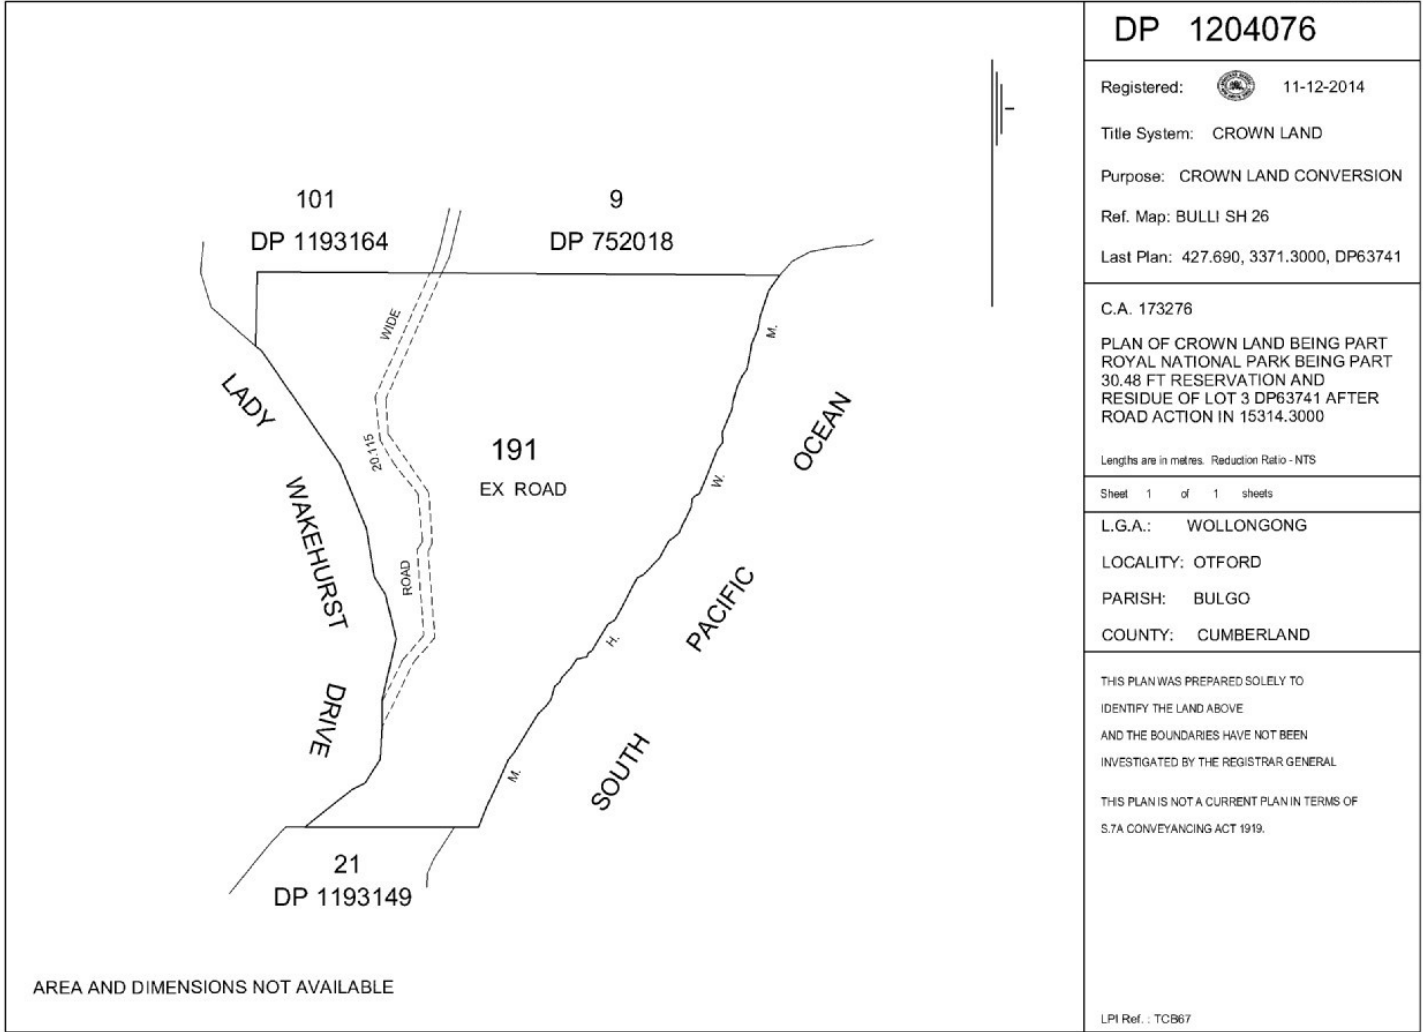

The Subject Road is unformed, inaccessible by the public, and is already managed as by the NPWS as National Park. Supporting the proposal by NPWS would formalise NPWS’s ownership and ongoing management of the Subject Road and would result in no operational changes within Council.

CONFIRMATION OF PARISH ROADS.

NOTICE is hereby given, in conformity with the provisions of the Act 4th William IV No. 11, that His Excellency the Governor, with the advice of the Executive Council, has been pleased to confirm the Roads mentioned in the annexed Schedule (notwithstanding any objections that might have been urged); and it is hereby declared expedient to open and make the Roads referred to, according to the plans and books of reference, to be seen at the Police Offices mentioned.

Any persons intending to claim compensation in respect of the said lines are reminded that notice must be served on the Secretary for Mines, within forty days from the date hereof, as provided by the sixth section of the Act above referred to, or they will be for ever foreclosed from such claim.

By His Excellency's Command,
JOSEPH P. ABBOTT.
