ITEM 15 MARCH 2019 FINANCIALS

Overall, the result for the month of March is favourable compared to phased budget for the majority of the key indicators. The Operating Result [pre capital] is favourable by \$3.8M, the Funds Available from Operations is favourable by \$0.6M and the Funds Result shows a favourable variance compared to the phased budget of \$6.5M.

The Cash Flow Statement at the end of the period indicates that there is sufficient cash to support external restrictions.

Council has expended \$77.4M on its capital works program representing 68% of the annual budget. The year to date budget for the same period was \$78.0M.

RECOMMENDATIONS

- 1 The financials be received and noted.
- 2 Council approve an increase in the capital budget of \$3.5M that is fully offset by a corresponding level of funding from restricted assets.

BACKGROUND

This report presents the Income and Expense Statement, Balance Sheet and Cash Flow Statement for March 2019. Council's current budget has a Net Funding (cash) deficit of \$7.9M, an Operating Deficit [pre capital] of \$7.7M and a capital expenditure of \$114.3M. Indications at the end of March are that Council will meet the current forecast targets.

The following table provides a summary view of the organisation's overall financial results for the year to date.

Financial Performance

The March 2019 Operating Result [pre capital] shows a positive variance compared to budget of \$3.8M. This variation is impacted by a range of non-cash items or items that do not impact on the Funds Result as they are offset by transfers to or from restricted assets. These include lower depreciation expense of \$1.4M that is partially offset by net asset written off (\$1.3M) and a lower level of expenditure on funded projects of \$1.8M. There are also a range of cash impacts that largely offset one another, but individually are relatively large. These include lower levels of materials & contracts expenditure \$4.1M that are offset by a lower level of labour resources applied to capital of (\$2.4M) and timing of more minor variations

The Operating Result [Including Capital] shows a positive variance of \$20.9M. This is due to the positive Operating Result of \$3.8M and an additional \$17.1M in capital revenue. This includes capital project funding relating to West Dapto (\$8.5M), West Dapto developer contributions (\$3.7M) and additional capital project funding including an additional flood affected Voluntary Purchase Scheme property (\$1.3M).

The Funds Available from Operations shows a positive variation of \$0.6M. This result excludes non-cash variations such as depreciation, progress of funded projects and the timing impacts of specific purpose grants and contributions that are transferred to restricted cash.

Funds Result

The Total Funds result as at 29 March 2019 shows a positive variance of \$6.5M compared to phased budget. This includes the funds component of the operating result (\$0.6M) and an improvement in net capital expenditure of \$5.9M that is the result of proportionally more expenditure on funded projects/programs compared to phased budget at this point in time.

Capital Budget

At the end of March 2019, the capital program shows an expenditure of \$77.4M compared to a phased budget of \$78.0M. Funding associated with this expenditure has increased from a budget of \$43.3M to actuals of \$48.6M. The review of the capital program progress at March recommends an increase of \$3.5M that is fully offset by increased funding from restricted cash. Details of the increase are provided in the Capital Project Report and commentary (attachment 2).

Liquidity

Council's cash and investments increased during March 2019 to holdings of \$155.9M compared to \$153.7M at the end of February 2019. This reflects normal trends for this time of the year.

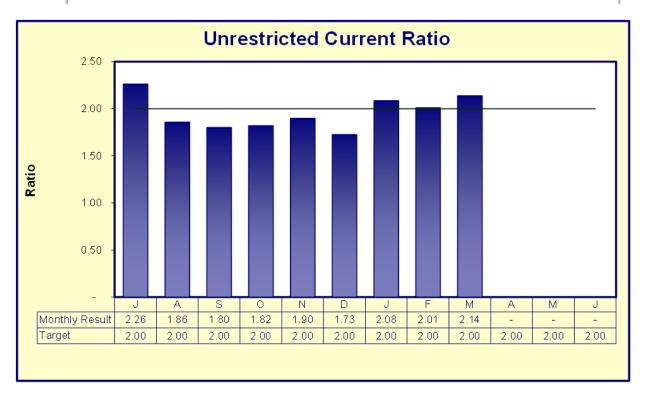

CASH, INVESTMENTS & AVAILABLE FUNDS

Available Funds	23.5	15.1	15.3	28.7			

The Available Funds position excludes restricted cash. External restrictions are funds that must be spent for a specific purpose and cannot be used by Council for general operations. Internal restrictions are funds that Council has determined will be used for a specific future purpose.

The Available Funds forecast that formed part of the 2018-2019 Annual Plan is within Council's Financial Strategy target of 3.5% to 5.5% of Operational Revenue [pre capital] and is between \$9.6M and \$15.2M for the year ending 30 June 2019. The actual Available Funds at 29 March 2019 are impacted by the progress of planned expenditure.

The Unrestricted Current Ratio measures the cash/liquidity position of an organisation. This ratio is intended to disclose the ability of an organisation to satisfy payment obligations in the short term from the unrestricted activities of Council. Council's current ratio is above the Local Government Benchmark of >2:1, however, the strategy is to maximise the use of available funds for asset renewal by targeting a lean Unrestricted Current Ratio.

Receivables

Receivables are the amount of money owed to Council or funds that Council has paid in advance. At March 2019, receivables totalled \$26.1M compared to receivables of \$21.6M at March 2018. Fluctuations relate to the timing of rates payments which are accrued before the actual payments are due and can be impacted by other debtors raised and not yet paid.

Payables

Payables (the amount of money owed to suppliers) of \$26.7M were owed at March 2019 compared to payables of \$24.4M in March 2018. The difference in payables relate to goods and services and capital projects delivered but not yet paid for and timing of the Financial Assistance Grant payments that are received quarterly.

Debt

Council continues to have financial strength in its low level of borrowing. The industry measure of debt commitment is the Debt Service Ratio that measures the proportion of revenues that are required to meet annual loan repayments.

Council's Financial Strategy includes provision for additional borrowing in the future and Council will consider borrowing opportunities from time to time to bring forward the completion of capital projects where immediate funding is not available. Council currently has borrowings through an interest free loan and the subsidised Local Government Infrastructure Renewal Scheme (LIRS). In 2009-2010, Council borrowed \$26M interest free to assist in the delivery of the West Dapto Access Plan. Council has also been successful in securing subsidies for loans under the three rounds of the LIRS program and has entered into loans of \$20M in 2012-2013 for Round 1, \$4.3M in 2013-2014 for Round 2 and \$20.5M for Round 3. The LIRS program provides a loan subsidy of 4% for Round 1 and 3% for the subsequent rounds. Loan funds have been used to accelerate the Citywide Footpaths, Shared Path Renewal, Missing Links Construction Program, building refurbishment works for Berkeley Community Centre, Corrimal Library and Community Centre, Thirroul Pavilion and Kiosk and to support the West Dapto Access – Fowlers Road project respectively.

Council's Debt Service Ratio forecast for 2018-2019 is approximately 3.5%, which is still below Council's target of 4% and remains low in comparison to the Local Government's benchmark ratio of <10%. It is noted that non-cash interest expense relating to the amortisation of the income recognised on the West Dapto Access Plan Loan is not included when calculating the Debt Service Ratio.

Assets

The Balance Sheet shows that \$2.7B of assets are controlled and managed by Council for the community as at 29 March 2019. The 2018-2019 capital works program includes projects such as the West Dapto Access strategy, civil asset renewals including roads, car parks and buildings and purchase of library books. As at 29 March, Council has expended \$77.4M on its capital works program representing 68% of the annual budget. The year to date budget for the same period was \$78.0M.

PLANNING AND POLICY IMPACT

This report contributes to the delivery of Wollongong 2022 goal 'We are a connected and engaged community'. It specifically delivers on the following:

Community Strategic Plan Strategy		Delivery Program 2018-2021 3 Year Action		Operational Plan 2018-19 Operational Plan Actions		
4.3.2	4.3.2 Resources (finance, technology, assets and people) are effectively managed to ensure long term financial sustainability	4.3.2.1	Effective and transparent financial management systems are in place	Monitor and review achievement of Financial Strategy		
				Continuous budget management is in place, controlled and reported		
				Provide accurate and timely financial reports monthly, quarterly and via the annual statement		
		Manage and further develop a compliance program to promote awareness and compliance with Council's procurement policies and procedures and other related policies				

CONCLUSION

The results for March 2019 are within projections over the majority of the range of financial indicators and it is expected that Council will achieve the forecast annual results.
