FINANCIAL PERFORMANCE

The December 2023 Operating Result [pre-capital] deficit of \$18.3M is a favourable variance of \$10.7M compared to the budget deficit of \$29M.

The Operating Result deficit of \$2.5M is a favourable variance of \$16.1M compared to budget. This is largely driven by:

- Operating Grants and Contributions at \$11.9M being favourable to budget by \$5.9M; and
- Capital Grants and Contributions at \$15.8M being favourable to budget by \$5.4M.

The Funds Available from Operations result is favourable by \$2.8M compared to phased budget. This result excludes non-cash variations and transfers to and from Restricted Assets but includes the variation in cash payments for Employee Entitlements. This result best represents the operational budget variations that impact our funding position and current financial capacity.

The Total Funds result as at 29 December 2023 is a favourable variance of \$4.8M compared to phased budget.

At the end of December, the Capital Works Program had an expenditure of \$44.8M compared to a budget of \$44.9M.

FINANCIAL POSITION

Cash, Investments & Available Funds

Council's cash and investments increased during December 2023 to holdings of \$184.1M compared to \$181.7M at the end of November 2023. A significant portion of these funds are subject to restriction meaning they can only be utilised for specific purposes. As a result, Council's true available cash position is more accurately depicted by considering available funds that are uncommitted and not subject to restriction.

External restrictions are funds that must be spent for a specific purpose and cannot be used by Council for general operations. Internal restrictions are funds that Council has determined will be used for a specific future purpose, although Council may vary that use by resolution of Council. Further details on the internal and external restrictions can be found in the Cash Flow Statement (Attachment 1).

The level of cash and investments in Council's available funds position is still above the Financial Strategy target range of 3.5% to 5.5% of operational revenue (pre-capital) due to the impact of the early

payment of the Financial Assistance Grant. The increase in cash and investments is in line with anticipated cash flows.

The Unrestricted Current Ratio measures the Council's liquidity position or ability to meet short term obligations as they fall due. The below graph reflects Council's performance against the Local Government benchmark of greater than 1.5 times.

Borrowings

Council continues to have financial strength in its low level of borrowing. Council's Financial Strategy includes provision for additional borrowing in the future and Council will consider borrowing opportunities from time to time to bring forward the completion of capital projects where immediate funding is not available.

Infrastructure, Property, Plant & Equipment

The Statement of Financial Position shows that \$3.68B of assets (written down value) are controlled and managed by Council for the community at 29 December 2023.

Commentary on November 2023 Capital Budget Report

On 26 June 2023, Council approved a capital budget for 2023-2024 of \$99.04M. During the period July-October, the budget was adjusted to include both increases and decreases in various internal and external funding sources, but the overall size of the budget was balanced by the removal of Council revenue from the budget. In November there were multiple adjustments - introduction of additional funding and removal of existing funding from the budget which balanced off to a net decrease in funding of \$480K which resulted in the overall budget being reduced to \$98.2M

The significant funding adjustment in November 2023 was:

- Rephasing of Stormwater Levy funding for Wollongong High School Detention Basin Drainage.
- Rephasing of Strategic Project Funding for Illawarra Escarpment MTB Supporting Infrastructure – Phase 1 for works at Mt Kembla and Balgownie.

Council achieved expenditure at the end of November 2023 of \$35.78M which is 104% of the adjusted phased budget for November 2023 of \$34.42 M.
