ITEM 16 MARCH 2018 FINANCIALS

Overall, the result for the month of March is favourable compared to phased budget for the key indicators. The Operating Result [pre capital] is favourable by \$10.4M, the Funds Available from Operations is favourable by \$5.5M and the Funds Result shows a favourable variance compared to the phased budget of \$11.5M.

The Cash Flow Statement at the end of the period indicates that there is sufficient cash to support external restrictions.

Council has expended \$65.2M on its capital works program representing 65% of the annual budget. The year to date budget for the same period was \$69.3M.

RECOMMENDATION

- 1 The financials be received and noted.
- 2 Council approves the proposed changes to the Capital budget including an overall decrease of \$0.3M in the Capital Works Program.

BACKGROUND

This report presents the Income and Expense Statement, Balance Sheet and Cash Flow Statement for March 2018. Council's current budget has a Net Funding (cash) deficit of \$13.5M, an Operating Deficit [pre capital] of \$2.6M and a capital expenditure of \$100.6M. Indications at the end of March are that Council will exceed the target of the operational components of this result (improved financial result).

The following table provides a summary view of the organisation's overall financial results for the year to date.

Financial Performance

The March 2018 Operating Result [pre capital] shows a positive variance compared to budget of \$10.4M.

The Funds Available from Operations shows a positive variance of \$5.5M. This includes the Operating Result variance of \$10.4M but excludes non-cash and transfer to and from restricted cash movements. These include non-cash variations in depreciation (\$2.2M), profit on disposal of assets (\$0.1M), employee on-costs (\$0.7M), income transferred to restricted assets (\$0.4M) and a lower level of application of restricted cash for funded projects (\$1.8M). These have been partially offset by a lower level of employee leave payments (\$0.3M).

Funds Result

The Total Funds Result as at 30 March 2018 shows a positive variance of \$11.5M compared to phased budget. This includes the positive variation in the funds component of the Operating Result (\$5.5M) and better progress in funded capital works (\$1.9M) and lower expenditure than the phased budget in the overall capital works program (\$4.1M).

Capital Budget

As at 30 March 2018, Council had expended \$65.2M or 65% of the approved annual capital budget of \$100.6M. The capital budget adjustment proposed as part of the March report reduces the overall capital budget by \$0.3M that is offset by a corresponding adjustment in funding.

Liquidity

Council's cash and investments decreased during March 2018 to holdings of \$162.0M compared to \$162.4M at the end of February 2018. This reflects normal trends for this time of the year.

Available Funds	27.0	17.3	14.7	30.3					

The Available Funds position excludes restricted cash. External restrictions are funds that must be spent for a specific purpose and cannot be used by Council for general operations. Internal restrictions are funds that Council has determined will be used for a specific future purpose.

The Available Funds forecast that formed part of the 2017-18 Annual Plan is within Council's Financial Strategy target of 3.5% to 5.5% of Operational Revenue [pre capital] and is between \$9.2M and \$14.4M for the year ending 30 June 2018. The actual Available Funds at 30 March 2018 has been impacted by the progress of planned expenditure to date and a transfer made to the Strategic Projects restricted asset of \$4.4M related to last year's surplus funds result.

The Unrestricted Current Ratio measures the cash/liquidity position of an organisation. This ratio is intended to disclose the ability of an organisation to satisfy payment obligations in the short term from the unrestricted activities of Council. Council's current ratio is above the Local Government Benchmark of >2:1, however, the strategy is to maximise the use of available funds for asset renewal by targeting a lean Unrestricted Current Ratio.

Receivables

Receivables are the amount of money owed to Council or funds that Council has paid in advance. At March 2018, receivables totalled \$21.6M, compared to receivables of \$12.8M at March 2017. Fluctuations relate to the timing of revenue and rates payments which are accrued before the actual payments are due and EPA levies paid relating to Capital Works that will be refunded once approved.

Payables

Payables (the amount of money owed to suppliers) of \$24.4M were owed at March 2018 compared to payables of \$22.2M in March 2017. The difference in payables relate to goods and services and capital projects delivered but not yet paid for, timing of the receipt of rating income and timing of the Financial Assistance Grant payments.

Debt

Council continues to have financial strength in its low level of borrowing. The industry measure of debt commitment is the Debt Service Ratio that measures the proportion of revenues that is required to meet annual loan repayments.

Council's Financial Strategy includes provision for additional borrowing in the future and Council will consider borrowing opportunities from time to time to bring forward the completion of capital projects where immediate funding is not available. Council currently has borrowings through an interest free loan and the subsidised Local Government Infrastructure Renewal Scheme (LIRS). In 2009-10, Council borrowed \$26M interest free to assist in the delivery of the West Dapto Access Plan. Council has also been successful in securing subsidies for loans under the three rounds of the LIRS program and has

entered into loans of \$20M in 2012-13 for Round 1, \$4.3M in 2013-14 for Round 2 and \$20.5M for Round 3. The LIRS program provides a loan subsidy of 4% for Round 1 and 3% for the subsequent rounds. Loan funds have been used to accelerate the Citywide Footpaths, Shared Path Renewal, Missing Links Construction Program, building refurbishment works for Berkeley Community Centre, Corrimal Library and Community Centre, Thirroul Pavilion and Kiosk and to support the West Dapto Access – Fowlers Road project respectively.

Council's Debt Service Ratio forecast for 2017-18 is approximately 3.5%, which is still below Council's target of 4% and remains low in comparison to the Local Government's benchmark ratio of <10%. It is noted that the non-cash interest expense (amortisation of the income recognised on the interest free West Dapto Access Plan Loan at the commencement of the loan) is not included when calculating the Debt Service Ratio.

Assets

The Balance Sheet shows that \$2.5B of assets are controlled and managed by Council for the community as at 30 March 2018. The 2017-18 capital works program includes projects such as the West Dapto Access Strategy, Grand Pacific Walk, Tramway sea wall and path upgrade, civil asset renewals including roads, car parks and buildings and purchase of library books. As at 30 March 2018, Council had expended \$65.2M or 65% of the approved annual capital budget of \$100.6M.

PLANNING AND POLICY IMPACT

This report contributes to the delivery of Wollongong 2022 goal 'We are a connected and engaged community'. It specifically delivers on the following:

Community Strategic Plan	Delivery Program 2012-17	Annual Plan 2017-18		
Strategy	5 Year Action	Annual Deliverables		
4.4.5 Finances are managed effectively to ensure long 4.4.5.1 Effective and transparent financial management		Provide accurate and timely financial reports monthly, quarterly and via the annual financial statement		
term financial sustainability	systems are in place	Continuous Budget Management is in place, controlled and reported		
		Manage and further develop compliance program		
		Monitor and review achievement of Financial Strategy		

CONCLUSION

The results for March 2018 are within projections over a range of financial indicators and it is expected that Council will achieve the forecast annual results.

Manager Project Delivery Division Commentary on March 2018 Capital Budget Report

On 26 June 2017 Council approved a capital budget for 2017-18 of \$91.8M. During each of the first eight months of 2017-18, a number of adjustments have been resolved by Council. As a result, at 30 March 2018 the approved capital budget had increased to \$100.6M and year to date expenditure of the capital budget was \$65.2M. This year to date expenditure was \$4.1M less than the forecast expenditure of \$69.3M for this period.

The following table summarises the proposed changes to the total Capital Budget arising from the March 2018 Capital Budget Report. The changes arise from either of the following:

- Transfer of budget between various capital programs
- Reduction or introduction of various types of external funding or loan funding

These changes result in a net decrease of \$0.34M in the overall capital budget from \$100.6M to \$100.2M. Details of the net decrease are shown in the attachment and outlined below.
