

ITEM 15 MAY 2023 FINANCIALS

The financial result for May 2023 compared to phased budget is favourable for the Operating Result [pre-capital] \$11.5M. Funds Available from Operations were unfavourable compared to phased budget \$1.2M and the Total Funds Result was favourable \$4.3M compared to phased budget.

The Statement of Financial Position at the end of the period indicates that there is enough cash to support external restrictions.

Council has expended \$78M on its capital works program representing 77.7% of the annual budget. The year to date budget for the same period was \$85M.

RECOMMENDATIONS

- 1 The financials be received and noted.
- 2 Council approve the proposed changes to the Capital Budget for May 2023.
- 3 Council approve the funding of the Lighting Upgrade at Noel Mulligan Oval from Darcy Wentworth Restricted Asset.

FINANCIAL PERFORMANCE

The May 2023 Operating Result [pre-capital] deficit of \$19.7M is a favourable variance compared to the phased budget deficit of \$31.2M.

The Operating Result surplus of \$8.1M is a favourable variance of \$18M compared to phased budget. Capital Grants and Contributions were favourable to budget of \$6.5M at \$27.8M. Receipt of \$11.2M funding via the Regional and Local Roads Repair Program (RLRRP) is a significant driver of the favourable variance.

The Funds Available from Operations result is unfavourable by \$1.2M compared to phased budget. This result excludes non-cash variations and transfers to and from Restricted Assets but includes the variation in cash payments for Employee Entitlements. This result best represents the operational budget variations that impact our funding position and current financial capacity.

The Total Funds result as at 26 May 2023 is a favourable variance of \$4.3M compared to phased budget.

At the end of May, the Capital Works Program had an expenditure of \$78M compared to a phased budget of \$85M.

Through the monthly capital budget review, it is proposed to re-phase part of the Information Technology program into the 2023-2024 financial year. This will reduce the capital program by \$0.2M in 2022-2023 and an increase in the program for 2023-2024 has been included in the proposed Budget 2023-2024.

Through this review, it is also proposed that the funding source for Noel Mulligan Oval Lighting be changed to the Darcy Wentworth Park restricted asset. The lighting project has a total budget of \$153K and the Darcy Wentworth Park restricted asset has a balance of \$171K. This restricted asset was created from rental proceeds from Darcy Wentworth Park car park and was intended to be used for upgrading sporting facilities in the local ward.

Regional and Local Roads Repair Program

The Regional and Local Roads Repair Program (RLRRP) is a \$500M program funded by Transport for NSW (TfNSW) to support councils to undertake urgent repairs to their road network which have been significantly impacted by severe flooding, storm damage and persistent wet weather events during 2022.

The funding is to help councils fix landslips, potholes and other damage to roads. Funding has not been allocated according to the severity of flood damage experienced by local councils. Instead, the amount each area receives was determined by the total length of roads the council manages.

Wollongong City Council has been successful in receiving a funding allocation of \$11,223,593 (GST exclusive) based on a combined road length of 1,038 kms. This cash was received in 2023 in advance of works being completed.

Finance has assessed the scope and key principles of the Regional and Local Roads Repair Program grant agreement in line with the requirements of the relevant accounting standards. This assessment determined that the grant agreement is not sufficiently specific on the scope of works to be completed and does not tie the funding to specific assets. This results in management determining the grant funding should be recognised as revenue in 2022-2023. The unexpended amount is still held as a Restricted Asset to be allocated to works as completed.

FINANCIAL POSITION

Cash, Investments & Available Funds

Council's cash and investments increased during May 2023 to holdings of \$158.7M compared to \$157.8M at the end of April 2023. A significant portion of these funds are subject to restriction meaning they can only be utilised for specific purposes. As a result, Council's true available cash position is more accurately depicted by considering available funds that are uncommitted and not subject to restriction.

External restrictions are funds that must be spent for a specific purpose and cannot be used by Council for general operations. Internal restrictions are funds that Council has determined will be used for a specific future purpose, although Council may vary that use by resolution of Council. Further details on the internal and external restrictions can be found in the Cash Flow Statement (Attachment 1).

The level of cash and investments in Council's available funds position is above the Financial Strategy target range of 3.5% to 5.5% of operational revenue (pre-capital). The increase in cash and investments is in line with anticipated cash flows.

The Unrestricted Current Ratio measures the Council's liquidity position or ability to meet short term obligations as they fall due. The below graph reflects Council's performance against the Local Government benchmark of greater than 1.5 times.

Borrowings

Council continues to have financial strength in its low level of borrowing. Council's Financial Strategy includes provision for additional borrowing in the future and Council will consider borrowing opportunities from time to time to bring forward the completion of capital projects where immediate funding is not available.

Infrastructure, Property, Plant & Equipment

The Statement of Financial Position shows that \$3.35B of assets (written down value) are controlled and managed by Council for the community at 26 May 2023.

PLANNING AND POLICY IMPACT

This report contributes to the delivery of Our Wollongong Our Future 2032 Goal 4 "We are a connected and engaged community". It specifically delivers on the following:

Notes to the Financial Statements:

While reviewing the information presented through this report, it should be noted that Council has elected to process additional transactions that vary from the accounting standards applied to year end reports to ensure the information at monthly intervals provides support to the decision-making and monitoring process. These transactions are summarised below:

- Timing of the recognition of Rates income under AASB 1058, the Rates income is required to be recognised when it is raised. Through the monthly financial reports, the income has been spread across the financial year.
- Timing of the recognition of Financial Assistance Grant under AASB 1058, the Financial Assistance Grant is required to be recognised on receipt. Through these financial reports, the income is spread across the financial year.

Commentary on May 2023 Capital Budget Report

On 27 June 2022, Council approved a capital budget for 2022-2023 of \$102.91M. In April the budget was subsequently adjusted to \$97.8M and it is recommended that the budget be further reduced by \$2.57M to \$95.23M due to multiple funding adjustments.

The significant funding adjustments in May 2023 were:

- Apply correct funding source to the West Dapto Road (Rainbird Drive to Shone Avenue) project.
- Return Section 7.12 funding to the restricted account for multiple projects due to design program changes as a result of community engagement and material supply issues.
- Return Black Spot Funding to the restricted account for Mount Keira Road (Queen Elizabeth Drive to Mount Keira Road RFS) due to procurement delays as quotations exceeded budget.
- Reallocate Regional Roads Block Grant 2022-2023 for Northcliffe Drive (Denise Street to Lake Heights Road) to alternative projects within the program due to material supply issues.

Council achieved expenditure at the end of May 2023 of \$78.01M which is 91.7% of the adjusted phased budget for May 2023 of \$85.04M.

Listed below is a summary of the reasons for budget changes for May which resulted in changes to the 2022-2023 capital budget.
