Acknowledgement of Country

We acknowledge the Traditional Custodians of the land on which our city is built, Dharawal Country. We recognise and appreciate their deep connection to this land, waters and the greater community. We pay respect to Elders past, present and those emerging and extend our respect to all Aboriginal and Torres Strait Islander people who call this city home. We recognise Aboriginal and Torres Strait Islander people as the first people to live in the area. We respect their living cultures and recognise the positive contribution their voices, traditions and histories make to the city.

Lord Mayor's message

If you want to know how Council is working to ensure Wollongong offers the best place to live, work and play, then, this is the document for you.

The Delivery Program 2025-2029 and Operational Plan 2025-2026 sets out in detail what Council is planning to prioritise and work on over the next four years.

I've worked closely with the Councillors to determine what would be included in this Delivery Program and Operational Plan. With a mix of returning Councillors and first-term Councillors we were able to combine the feedback we hear from community every day with our own fresh ideas and experiences to develop Council's priorities for this four-year plan. It is essential to us that this Plan aligns with our community's wants and needs now, and ambitions for the Wollongong of the future.

Each piece of work in this Plan contributes to improving our city's liveability, protecting the natural environment and delivering the services that make Wollongong a great place to live, work and play.

We continue to advocate to all levels of Government and with other key stakeholders for better housing opportunities, and planning for the right housing type in the right location. We're also putting plans in place, and building key infrastructure to support the fast-growing suburbs around West Dapto. In this document you can read about timelines for Cleveland Road and West Dapto Road construction works and the future Darkes Road Sporting Complex.

There is detail here about plans for the new combined community centre and library facilities in Helensburgh and Warrawong, which playgrounds are listed for renewal, our plans to deliver further improvement to footpaths and shared paths, and where we're delivering irrigation and drainage improvements to priority sports fields.

I'm passionate about the creative arts and our city's cultural community, and within this document you can find out how we're implementing actions from the Creative Wollongong 2024-2033 Cultural Plan. These actions include delivering and supporting a range of festivals, community celebrations and events and maintaining all-important public art across our city and suburbs.

This is a document for Council and our community. As you flick through the pages, it's clear that we have ambitious plans for Wollongong. So, if you want to know what's planned for your street, suburb and community, this is the place to find out.

**Lord Mayor of Wollongong
Councillor Tania Brown**

General Manager's message

I am pleased to present Wollongong City Council's Delivery Program 2025-2029 and Operational Plan 2025-2026. This document outlines the actions we'll take to continue to deliver the services, facilities and infrastructure our community want now, and into the future. We continue to be focused on our local suburbs and neighbourhoods.

Through community feedback we know our residents want us to get the basics right – they want footpaths and shared pathways that link valued facilities and community spaces. We know our rockpools hold a special place in many people's hearts and their ongoing care and maintenance year-round is essential, and we know our planned combined community centre and libraries for Helensburgh and Warrawong can't be built soon enough for those who live nearby.

If we could, we'd deliver everything our community wants today. But we are not immune to current economic pressures and, just like our residents and businesses, we're being asked to do more and more in the face of rising costs. This is stretching our budget more than ever.

This means that as we build essential infrastructure like roads, footpaths and cycleways, care for our city's cemeteries, or maintain our ageing stormwater infrastructure, we're focused on doing this work in a financially sustainable way. It's a delicate balance and it's essential we get it right. Particularly when we're balancing the delivery of significant large-scale projects like two combined community centre and libraries, and Stage 2 of the North Wollongong Seawall Project, alongside our investment in active transport options which aim to decrease our reliance on cars to get from A to B.

The Delivery Program and Operational Plan plays a vital role in stepping out how we're going to meet our community's expectations over the next four years. It also provides an open and transparent account of Council's work, and is supported by quarterly progress reports that go to Council every three months. These reports allow the community to see our financial position and our progress against the plan.

As we deliver Council's wide range of services, your experience, as a local, remains a key focus for us. We have invested time and energy in looking at ways to improve your interactions and contact points with Council such as when you speak with Customer Service or when you receive a notification about a project in your street. We know there are further opportunities for improvement, and continued improvements to our customer service remains a priority for the year ahead.

As you read this important plan for our future, I trust you can see how the hard-working and energetic team at Wollongong City Council is working to build liveable communities for today, tomorrow and into the future.

About Council's Delivery Program and Operational Plan

Image: Kembla Street, Wollongong separated cycleway - dedicated cycling space

The Delivery Program and Operational Plan sets out the services the Council will deliver over the next four years.

The Delivery Program and Operational Plan includes the services Council will deliver in response to the aspirations outlined in the Our Wollongong Our Future 2035 Community Strategic Plan. Council is not solely responsible for the implementation of the Our Wollongong Our Future 2035 Community Strategic Plan. It is the community's Plan, and Council works together with business, government, community groups and individuals to deliver the community's aspirations. The Delivery Program has been prepared in response to community engagement and feedback, as well as Council's legislative responsibilities. The Delivery Program and Operational Plan have been developed utilising the resources available through the Resourcing Strategy 2025-2035.

Reporting to Our Community

Wollongong City Council regularly tracks and monitors the Delivery Program and Operational Plan, and reports to the community on progress on a quarterly and annual basis. Council also tracks progress towards the Community Strategic Plan through the State of Our City Report. All reports are available on Council's website.

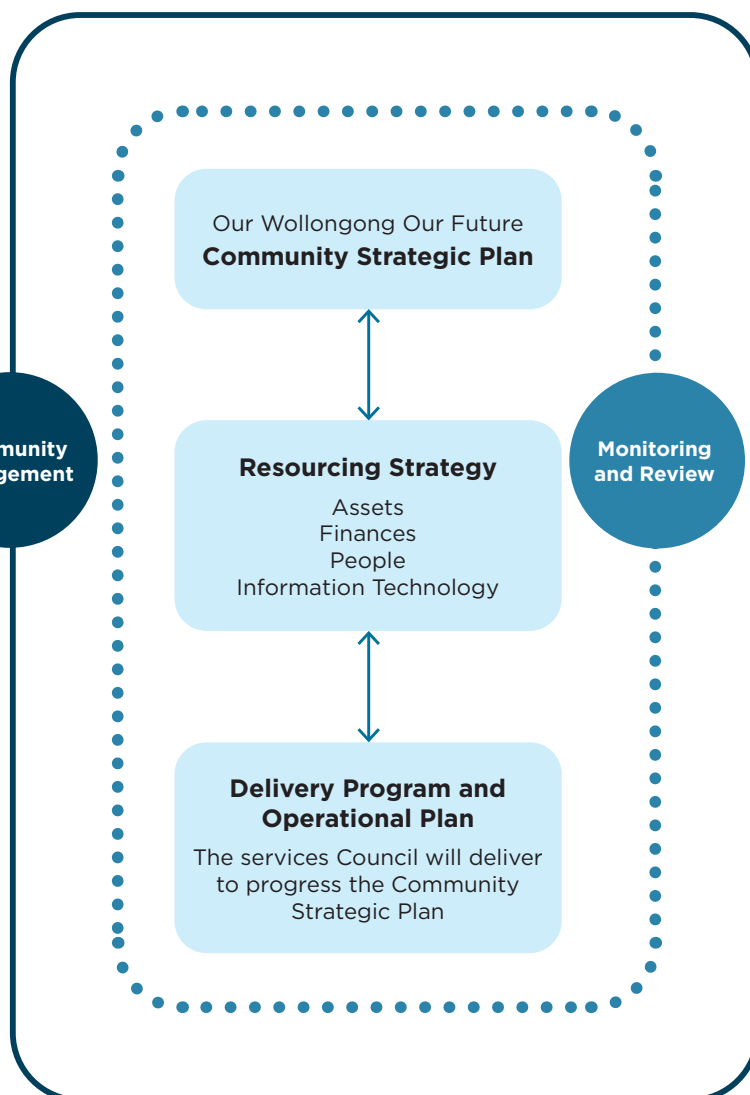

Image: Bulli Shared Pathway Maintenance

Wollongong is said to originate from the Aboriginal word Woolyungah, meaning Five Islands.

Community Snapshot

The Wollongong Local Government Area (LGA) has an area of 714km² and is located on Dharawal Country. It is divided into three wards with four Councillors elected from each Ward. The Lord Mayor is elected by all voters across all three Wards.

Community Wellbeing

A 2024 Community Wellbeing Survey found that most people in Wollongong LGA were satisfied with:

- Their overall life (87%)
- Their personal safety (86%)
- Their relationships (86%)
- Their standard of living (84%)¹

Population Growth

In 2025, Wollongong was estimated to have 223,411 residents. By 2035, this number is predicted to rise to 251,780 (a 12.7% increase), mainly due to net migration to the Local Government area.²

Age

In 2021, the median age was 39 years, and life expectancy was 82.5 years.³

Environment

Wollongong City Council actively manages approximately 286 hectares of natural areas, and 46 hectares of asset protection zones. There are 68 volunteer groups contributing efforts to Bushcare, Dunecare and Fiready programs.⁷

Wollongong Community Emissions reduced 20% between 2016 and 2022, on track for our 50% reduction target by 2030 (Excluding Industrial Processes and Product Use).

Economy and Employment

In 2023-2024, Wollongong's Gross Regional Product was \$17.6B, approximately 60% of the Illawarra Shoalhaven Region.⁵

In 2023-2024, there were 102,957 local jobs in the Wollongong Local Government Area, with 8% growth in the five years to 2024.⁶

In 2021, the median household income was \$1,637 per week, lower than the NSW average of \$1,849.³

Image: Wollongong City Beach

Diversity and Language

In 2021, 6,944 people (3.2%) identified as Aboriginal and/or Torres Strait Islander.

74.9% of the population were born in Australia, 4.1% not stated, and 21% were born overseas.

The top five countries of birth for those born overseas were: United Kingdom, North Macedonia, Italy, India, and New Zealand.

In 2021, English was stated as the only language spoken at home by 79.8% of the population. The four most common languages other than English were: Macedonian, Arabic, Italian and Mandarin.³

Housing Costs

In 2024, the median house price was \$1,055,000 and unit price was \$715,000.

Weekly rent was \$700 for a house and \$500 for a unit.

Only 50.6% of rentals were considered affordable.⁴

Homes, Households and Homelessness

In June 2024, there were 91,899 dwellings in Wollongong. By 2035, this is expected to increase to 107,617. The areas expected to see the greatest increase in new homes are Wollongong CBD, Dapto and Dombarton.²

In 2021, 66.3% of residents lived in separate houses, 20.5% lived in medium density dwellings, and 12.3% in high density dwellings. 60.9% of residents had a mortgage or fully owned their home, 23.1% of residents were renting privately and 6.8% lived in social housing.³

29.3% of household were couples with children, 11.2% were one- parent households and 25.4% were people living alone with nearly half aged 65+.³

1,255 people were experiencing homelessness.³

Education

In 2021, 12,670 residents (5.9%) attended university, and 5,872 (2.7%) were in TAFE or vocational training.³

Transport

In 2024, driving a car was the dominant method for all purposes. 86% of residents living in the LGA commuted to work by car, motorcycle or scooter, 8% caught public transport, and 6% walked or rode a bicycle.¹

Listening to our community

Community engagement is how we reach out and encourage our community to gain awareness and provide input to the plans, projects and policies we develop on their behalf. Community engagement helps us make better decisions; it builds relationships and trust; builds a sense of belonging; and keeps the community informed.

The feedback we receive from the community is considered along with legislation, policies, technical assessment, financial, environmental and social impacts. We are committed to providing opportunities for everyone in our community to help us make informed decisions. An extensive engagement process was carried out as part of the review of the Our Wollongong Our Future 2035 Community Strategic Plan. A total of 10,343 voices informed the development of the Community Strategic Plan. The feedback informed the development of this Delivery Program and Operational Plan, where Council's 33 Services work to deliver the community's aspirations.

What our community told us

Environment

- Protect and add green space and trees
- Invest in renewable energy
- Respond to climate change and increase resilience

Housing

- Ensure diverse and sustainable housing options
- Increase affordable housing options
- Address homelessness

Active Transport

- Improve safety
- Increase and promote the network
- Increase accessibility

Arts and Culture

- Provide events and spaces
- Support creatives
- Showcase diverse cultures

Transport

- Improve public transport and expand the Gong Shuttle service
- Provide parking solutions
- Build a safe and sustainable network

Education

- Build more schools
- Provide equitable access to tertiary education
- Diversify educational approaches

Development

- Avoid over development
- Preserve and protect environment and heritage
- Plan sustainable growth

Heritage

- Value our heritage
- Protect buildings
- Recognise and respect Aboriginal heritage

Local Economy

- Focus on creating local jobs
- Foster sustainable and cultural tourism
- Enhance dining, shopping and nightlife options
- Invest in revitalisation and vibrancy

Recreation

- Maintain and increase open and recreational space/s
- Invest in maintenance of parks and beaches
- Improve sporting facilities
- Provide accessible recreational options

Wellbeing

- Enhance public space safety
- Increase access to health services
- Increase and promote sustainable food systems
- Involve community in decision-making

Community Services, Facilities and Spaces

- Increase services provided by libraries
- Maintain places and programs for social connection
- Provide inclusive and accessible community spaces

Inclusive and Accessible

- Create equitable employment opportunities
- Provide accessible information
- Improve digital inclusion

at City Beach

Our values and purpose

Wollongong City Council is committed to being a local government of excellence that enhances our City's quality of life and environment through effective leadership, community involvement and commitment to service. As a purpose-led, values driven organisation our values are part of everything we do every day and provide the foundation of our organisational culture and guide how we deliver the strategies and actions outlined in the Delivery Program.

We live these values through:

Enabling daily work that encourages collaboration, innovation, interdependence, belonging and inclusion

Living the values in everyday work through behaviours and interactions

Supporting and enabling people to deliver on the promise of an Extraordinary Wollongong

OUR VALUES IN ACTION

SUSTAINABLE
use our community's
resources responsibly

RESPECT
inclusive and considerate

COURAGE
challenge the norm
to be better

INTEGRITY
honest and reliable

ONE TEAM
together we deliver
excellent service

Delivery Program 2025-2029 and Operational Plan 2025-2026

Council's Delivery Program and Operational Plan responds to the community's vision and goals and outlines the services and projects that Council has capacity to deliver. It is a result of rigorous planning and prioritisation and aims to provide the best valuable services to the community. Council is committed to delivering these services in a way that is sustainable, adaptable, and continues to meet the expectations of our community – both now and into the future.

The Resourcing Strategy 2025-2035 outlines the finances, assets, workforce and digital technology that will be used to achieve the Program and Plan. Council's Services form the foundation of the Delivery Program and Operational Plan.

Council's Services are presented under their best fit goal. Council's internal Services form an additional group called Support Services to demonstrate that these Services support the delivery of all goals.

Council reviews its services as part of a continuous improvement approach based on community feedback, with the aim of creating efficiencies and improving service delivery. Through this approach, Council ensures that resources are managed responsibly as part of everyday operations – allowing us to maintain service levels, respond to emerging opportunities, and ensure organisational sustainability.

Council's Service Optimisation Program aims to monitor and adjust service levels and resources to ensure the services we deliver are sustainable and relevant, balanced against community needs and expectations. Organisational sustainability is an ongoing focus in how Council plans and delivers services, ensuring we continue to adapt to change while keeping the customer at the centre of everything we do.

The Service Optimisation Program methodology includes review of community and customer feedback and engagement activities, including our Community Satisfaction Survey and Community Wellbeing Survey results. This program includes the areas of service that Council will review. Council will undertake engagement activities in accordance with our Community Engagement Strategy Council Policy.

Using an evidence-based approach, grounded in community and customer sentiment, the services to be reviewed in the 2025-2026 financial year have been included as Operational Plan actions in Integrated Customer Service and Transport Services. Progress and outcomes will be reported in Council's Quarterly Reviews and Annual Report.

Goal 1 | Sustainable

We are a sustainable and climate resilient city

Objectives

We are leaders in climate change mitigation and adaptation.

Our natural environments are protected, and our resources are managed sustainably.

We will work together to reduce emissions and the effects of a changing climate in an equitable way.

How will we get there?

- 1.1 The community is actively involved in the expansion, improvement, and preservation of our waterways, green corridors, and other natural areas connecting the escarpment to the sea.
- 1.2 Partner with Aboriginal and Torres Strait Islander communities and organisations in the way we care for the environment.
- 1.3 Manage and improve the cleanliness, health, biodiversity of land and water including creeks, lakes, waterways and oceans.
- 1.4 Increase our resilience to natural disasters and ability to adapt to a changing climate, to protect life, property, and the environment.
- 1.5 Work together to achieve net zero greenhouse gas emissions, and mitigate the impacts of climate change.
- 1.6 Reuse, repurpose, redirect, or recycle, to drive a circular economy, and reduce the amount of waste going to landfill.
- 1.7 Manage our coastal environments, including Lake Illawarra, to protect and enhance environmental sustainability, social, cultural, and economic values.

 Urban Greening Strategy 2017-2037
 Urban Heat Strategy 2023

Goal 1 | We are a sustainable and climate resilient city

Floodplain Management and Stormwater Services

Responsibility Manager Infrastructure Strategy and Planning

Why

To manage and effectively improve the function, cleanliness, health, biodiversity of land and water including creeks, lakes, waterways and oceans, and increase resilience to natural disasters and a changing climate to protect life, property, and the environment.

What

This service strategically plans for a coordinated approach to floodplain risk management and stormwater management including protection of waterways, beaches, lakes, lagoons and creeks. This service manages and maintains 835 kilometres of stormwater drainage and associated infrastructure assets across the city that aim to be safe, efficient, effective, and sustainable.

Delivery Streams

- Floodplain Management
 - Stormwater Management
-

2035 Community Strategic Plan

United Nations Sustainable Development Goals

We are a sustainable and climate resilient city

Finances (000'S)

Revenue \$2,217

Expense \$(13,817)

Net \$(11,600)

How

Develop and implement Flood Studies and Floodplain Risk Management Studies and Plans in compliance with the Flood Risk Management Manual (NSW Government Guideline).

Implement, when feasible and funded, the floodplain mitigation measures recommended in the Flood Risk Management Studies and Plans, including implementation of the Voluntary Purchase Scheme in accordance with NSW Government Guidelines.

Plan and design new floodplain and stormwater infrastructure with a coordinated approach to floodplain, stormwater quality, and quantity management.

Develop and implement prioritised programs for new flood mitigation measures and stormwater assets, to increase our community resilience to flooding and to expand our stormwater network.

Provide Flood Information Advice to stakeholders to assist them in making better decisions when planning and developing within the floodplains of our Local Government Area.

Support review of Development Control Plans to better define flood related development controls to manage flood and stormwater risk related to developments.

Inspect stormwater infrastructure and undertake priority maintenance or upgrade works to maximise public safety.

Deliver rolling program of flood and stormwater infrastructure condition and safety inspections.

Goal 1 | We are a sustainable and climate resilient city

Natural Area Management

Responsibility Manager Open Space and Environmental Services

Why

The community want Council to preserve and improve the natural environment.

What

Manage Council's natural areas restoration works program, carry out weed and pest management, and coordinate volunteer programs in natural areas. Management of natural areas under Council care and control and conservation of endangered ecological communities and threatened species. These activities are funded through a combination of Council's own operating funds, external grants, partnerships with other organisations, and the support of community volunteers.

Delivery Streams

- Natural Area Management
- Asset Protection Zone (Bushfire) Management

2035 Community Strategic Plan

We are a sustainable and climate resilient city

United Nations Sustainable Development Goals

Finances (000'S)

Revenue \$470

Expense \$(4,992)

Net \$(4,523)

How

Manage and monitor the condition of natural areas under Council control and allocate resources on a priority basis. Manage customer expectations and enquiries in regard to natural area priorities.

Implement control programs for priority pest species (rabbits/deer/myna birds).

Support the Illawarra District Weeds Authority through funding and on ground management of noxious and environmental weeds.

Coordinate natural area restoration works at priority sites and support urban greening program implementation.

Continue implementation of priority actions from the Dune Management Strategy.

Continue vegetation restoration works in accordance with the Lake Illawarra Coastal Management Plan.

Management of the Greenhouse Park practical demonstration site.

Waste Management

Responsibility Manager Open Space and Environmental Services

Why

To provide residential waste services, a landfill facility, public place cleansing and a range of supporting waste services and education programs to increase the diversion of waste to landfill.

What

Deliver high quality, value for money, sustainable, customer focused municipal waste services including collection services and the Whytes Gully Wollongong Waste and Resource Recovery Park.

Collections services include general waste, recycling, Food Organics Garden Organics (FOGO), kerbside on-call and community drop off events scheduled throughout the year, and education activities for the community are aimed at awareness of these services and opportunities to encourage responsible waste diversion actions.

Litter and public bin collection at 1,300 locations and cleaning of public toilet facilities.

Deliver key actions identified in the Wollongong Waste and Resource Recovery Strategy 2024-2034.

Delivery Streams

- Public Litter Bin Collection
- Wollongong Waste and Resource Recovery Park
- Domestic Waste Collection Services
- Cleaning of Public Toilets

2035 Community Strategic Plan

We are a sustainable and climate resilient city

United Nations Sustainable Development Goals

Finances (000'S)

Revenue \$60,618

Expense \$(54,571)

Net \$(6,047)

How

Deliver high quality, value for money, sustainable, customer focused municipal waste services to the Wollongong Local Government Area community.

Domestic waste collection, recycling, on-call household clean-up and organics collection contracts. Provide waste services for the community including green waste, chemical and cardboard drop off events.

Provide education activities for the community on Council's services and environmentally focused values.

Litter and Public bin collection at 1,300 locations and cleaning of public toilet facilities.

Operation of Wollongong Waste and Resource Recovery Park at Kembla Grange.

Deliver a Food Organics Garden Organics (FOGO) program across the Local Government Area.

Goal 2 | Connected

We have well planned, connected, and liveable places

Objectives

Residents have access to a diverse range of housing options.

Development is balanced, well planned and sustainable, and we protect our Country and heritage.

Transport links and connection throughout the Local Government Area, to Greater Sydney, and the Illawarra Region are strengthened.

There is an increase in sustainable transport use including public transport, walking, and cycling.

How will we get there?

- 2.1 Urban areas are planned and well maintained to provide a healthy and safe environment for our community to live, work and play.
- 2.2 Facilitate ecologically sustainable development that considers the current and future needs of our community and environment.
- 2.3 Deliver high quality, fit for purpose and sustainable infrastructure to support a growing and resilient city.
- 2.4 Housing provides choice, affordability, and liveability for our diverse community.
- 2.5 Integrated services are provided to residents in need of urgent shelter.
- 2.6 The growth of West Dapto urban release area is well planned with facilities, spaces and educational institutions to support the growing community.
- 2.7 Develop and implement programs and projects that achieve proactive heritage management, education and promotion.
- 2.8 Plan, advocate for, and provide affordable, accessible and sustainable multi-modal transport networks. This includes continuation and expansion of the Gong Shuttle, and active transport infrastructure to meet the community's needs.
- 2.9 Effective and integrated regional transport with a focus on road, bus, rail and freight movement (including the port of Port Kembla).
- 2.10 Plan and provide sustainable infrastructure for safe and liveable places integrated with the environment and accessible to key transport routes.
- 2.11 Advocate for strong transport links within the Local Government Area, and connections to Greater Sydney, particularly Western Sydney (including the Aerotropolis), and the Illawarra Region, to provide physical and economic opportunities.
- 2.12 Improve active transport links and connectivity to our unique places and spaces, including marine access along the Local Government Area and accessibility from the Central Business District to the foreshore.
- 2.13 Maintain the service levels of our roads, footpaths, cycleways, and shared paths to an acceptable standard.
- 2.14 Plan and deliver an accessible, safe, clean and inviting public domain.
- 2.15 Community transport options for frail older people, people with disabilities, and the transport disadvantaged, are actively promoted and available.

Goal 2 | We have well planned, connected, and liveable places

Development Assessment

Responsibility *Manager Development Assessment and Certification*

Why

Council is required to fulfil its legislative requirements for development assessment processes. Council's focus is to ensure a process that provides community confidence, transparency and a balanced approach to development while meeting our legislative obligations.

What

The service undertakes assessment and determination of planning matters to facilitate balanced planning outcomes to serve the current and future community. This includes development applications; construction certificates; complying development; building and subdivision certificates; pre-lodgement advice, managing review panels; Fire Safety Statements and upgrades; building compliance inspections; audits on completed buildings; providing expert evidence in Land and Environment Court Appeals; and advice to Council and stakeholders in all aspects of the development assessment process.

Emergency Management

Responsibility Manager Infrastructure Strategy and Planning

Why

To increase our resilience to risks, natural disasters and a changing climate to protect life, property and the environment.

What

The service provides support in the planning and preparation for significant emergencies that may impact the safety and security of residents and visitors to the city. This involves Council's operational response to support Emergency Service Agencies during incidents and emergencies.

Delivery Stream

- Emergency Management and Support

2035 Community Strategic Plan

United Nations Sustainable Development Goals

Finances (000'S)

Revenue \$452

Expense \$(7,603)

Net \$(7,151)

How

Actively participate in and support the Local Emergency Management Committee in achieving its responsibilities to prepare plans in relation to prevention of, preparation for, response to and recovery from emergencies.

Provide operational response to support emergency combat agencies during incidents and emergencies. As per local government responsibilities defined under the State Emergency and Rescue Management Act (1989).

Maintain vehicles and equipment for the Local Rural Fire Service Brigades. Carry out maintenance on NSW State Emergency Service Buildings in accordance with the Service Level Agreement.

Provide financial support to New South Wales Fire and Rescue, State Emergency Service and Rural Fire Service.

Secure funding for recovery through joint Commonwealth-State Disaster Recovery Funding Arrangements and continue to advocate for a more streamlined funding model for recovery funding.

Contribute to the ongoing maintenance of the two Illawarra Emergency Operations Centres (Wollongong and Albion Park).

Recovery and resilience planning to cater for predicted increases in frequency and severity of extreme weather due to climate change.

Participate in community awareness programs specifically related to raising public awareness about Council's role in emergency management.

Memorial Gardens and Cemeteries

Responsibility *Manager Commercial Operations and Property*

Why

Our community want access to places of internment and memorialisation that are well-maintained and respectful of culture and faith. To continue to meet the needs of the community, our Memorial Gardens and Cemeteries are managed efficiently, sustainably, and with effective future planning.

What

This service provides memorial, burial and funeral service facilities at six sites across the Local Government Area. These include Wollongong Memorial Gardens, Wollongong Lawn Cemetery, Wollongong Cemetery, Bulli Cemetery, Scarborough Cemetery and Helensburgh Cemetery. The service also maintains three non-operational sites of historical and cultural significance. These include Berkeley Pioneer Cemetery, Settler’s Cemetery and Waterfall General Cemetery.

Transport Services

Responsibility Manager Infrastructure Strategy and Planning

Why

Our community wants the Wollongong Local Government Area to have a safe and affordable and sustainable transport network and options, connecting people to places and spaces in a convenient and timely way.

What

This service provides the delivery, management, and advocacy of transport services and associated infrastructure. The service aims to provide a transport network that is safe, efficient, equitable, effective, and sustainable. The service supports the community through creating the provision of transport access for residential, business, recreation, leisure, and tourism activities.

This service also includes provision of road safety, traffic and integrated transport planning support, and advice. Road Safety Education Programs and change behaviour programs are a critical activity implemented across all aspects of our transport services.

Delivery Streams

- Road Safety and Transport Planning
- Roads and Bridges
- Footpaths, Cycleways and Public Transport Stops
- Car Parks and Boat Ramps
- Transport Facilities Including Street Lighting
- Street Sweeping

How

Planning, delivery and maintenance of Council's transport related assets, including roads and bridges, footpaths and cycleways, retaining walls and traffic facilities, boat ramps and jetties, car parks, metered parking, and streetlights.

Advocacy towards local, regional, and state transport initiatives.

Work with Transport for NSW on the implementation of the Illawarra Regional Transport Strategy.

Coordination of a Local Traffic Committee including regulation of traffic, installation of regulatory signs, approval of new traffic management devices and facilities, constructive collaboration between Council, NSW Police, Transport for New South Wales, State elected member representatives, and local bus companies.

Ensure investments in tourism, recreation, and leisure infrastructure are integrated into Council's transport network.

Develop and implement a best-practice transport data collection and evaluation program.

Deliver a rolling program of transport infrastructure condition and compliance inspections.

Work with key agencies and partners to reduce traffic congestion and consider emergency services requirements.

Integrate Movement and Place framework across transport infrastructure and services.

Ensure sustainability is a key priority in transport planning and delivery to reduce fossil fuel consumption and support Wollongong net zero greenhouse gas emissions targets.

How continued

Lead and manage the Walking, Cycling, Access, and Mobility Reference Group.

Approval of the National Heavy Vehicle Registry Applications within the Wollongong Local Government Area.

Advocacy towards local, regional, and state transport initiatives including the provision of expanded public transport services.

Develop and deploy a pilot program to slow vehicle speeds and improve safety.

Work with key agencies and partners to progress the Illawarra Regional Transport Plan.

Develop road safety programs, education and promotion of sustainable multimodal transport options.

Goal 3 | Vibrant

**We foster a diverse economy,
and we value innovation, culture,
and creativity**

Objectives

The region's economy continues to diversify, and local employment opportunities increase.

Creative and cultural industries are fostered and thriving.

Wollongong is an events destination.

How will we get there?

- 3.1 Support educational and employment opportunities that retain young people and local talent, attract new workers and provide opportunities for the unemployed.
- 3.2 Continue to diversify and grow the Wollongong economy to enhance its economic and employment role in the Region recognising opportunities and challenges in South West Sydney.
- 3.3 Increase and attract new business investment and enterprise to Wollongong while supporting and growing existing local businesses.
- 3.4 Continue to build Wollongong CBD as a vibrant employment precinct with an active evening economy.
- 3.5 Encourage an innovative and diverse economy, which drives entrepreneurship, research capability and commercialisation in the Wollongong Local Government Area.
- 3.6 We are leaders in sustainable industries and support a transition to a low-carbon and clean energy future.
- 3.7 Support key growth sectors to assist in the ongoing transition of Wollongong's economy, including Port Kembla industrial lands.
- 3.8 Promote the Wollongong Local Government Area as an event, conference and visitor destination.
- 3.9 Enable signature events and festivals where communities and visitors can gather and celebrate.
- 3.10 Promote and support tourism opportunities through planning controls and infrastructure.
- 3.11 Using community art and cultural development practices, our places and spaces reflect the creativity, history, and identity of our people.
- 3.12 Promote museums and galleries as part of the cultural landscape.

Goal 3 | We foster a diverse economy, and we value innovation, culture, and creativity

Arts and Culture

Responsibility Manager Community Culture and Engagement

Why

Our community has told us they value creativity, arts and culture as a key marker of our city's vibrancy and identity. They want support and advocacy for creative industries and practitioners as well as the opportunity to participate in creative activities. Inclusive environments, quality experiences, spaces and places and diverse programming are seen as vital for a flourishing city.

What

Provide support and showcase arts and creative industries, and community participation in creative life and celebrate our unique places and spaces.

Goal 3 | We foster a diverse economy, and we value innovation, culture, and creativity

Economic Development

Responsibility *Director Planning and Environment*

Why

To support our existing business and attract new business and investment opportunities, create employment to retain local talent. As the regional capital, Wollongong not only plays an important role for employment for Wollongong residents but, in particular, for residents in neighbouring Local Government Areas. We support growth sectors and seek opportunities to diversify and grow the Wollongong economy as the Illawarra's regional capital and main employment centre.

What

This service promotes sustainable economic development across the Wollongong Local Government Area through implementation of the Economic Development Strategy 2019-2029. The service contributes to a number of economic development programs and initiatives in partnership with business, government, the University of Wollongong, and a range of business and industry stakeholders.

Goal 4 | Inclusive

We have a healthy, respectful, and inclusive community

Objectives

Respect, engage and recognise diverse Aboriginal and Torres Strait Islander communities, their rich histories and continuing culture.

Strong diverse local cultures are supported in a welcoming community where everyone belongs.

Residents are engaged and play an active role in the decisions that affect their city.

There is an improvement in physical and mental health, wellbeing and belonging in our community.

How will we get there?

- 4.1 Accessible and appropriate health care services are available to the community.
- 4.2 Provide a variety of quality and accessible public spaces and opportunities for sport, play, leisure, recreation, learning and cultural activities in the community.
- 4.3 Provide safe, well-maintained and accessible beaches and aquatic facilities, and promote water and beach recreation safety to residents and visitors.
- 4.4 Plan for, and provide opportunities for inclusion for people of all abilities in our community.
- 4.5 Healthy, active ageing programs are provided and promoted in partnership with government agencies and community organisations.
- 4.6 Work together to reduce crime, and achieve a safe, and resilient community.
- 4.7 Work towards enabling all people in our community to have access to safe, nutritious, affordable, and sustainably produced food.
- 4.8 Provide our community with equitable services, access to education, and information to help them make informed decisions.
- 4.9 Provide programs, services and places including libraries and facilities for social cohesion, cultural activities and community belonging.
- 4.10 Work in partnership to reduce inequity and build on opportunities to strengthen vulnerable communities.
- 4.11 Partner with our diverse communities, including Local Aboriginal and Torres Strait Islander, and Culturally and Linguistically Diverse communities on programs and projects.
- 4.12 In the spirit of reconciliation, build awareness and understanding of Local Aboriginal and Torres Strait Islander culture, heritage and histories.
- 4.13 Support and strengthen the local community services sector.
- 4.14 Council demonstrates responsible leadership that is customer focused, demonstrates respect and inclusion, and uses resources that are managed effectively to ensure long-term sustainability.

Goal 4 | We have a healthy, respectful, and inclusive community

Aged and Disability Services

Responsibility Manager Community Culture and Engagement

Why

Strengthen and support our vulnerable communities, through the delivery of funding programs.

What

Build the capacity of older people and people with disability to participate fully in community life. Promote access to services for frail, older people and people with disability and their carers to enable them to continue to live independently in the community.

Delivery Streams

- Social Support Programs

Goal 4 | We have a healthy, respectful, and inclusive community

Aquatic Services

Responsibility Manager Sport and Recreation

Why

Our community wants a variety of quality, safe, well maintained, and accessible beaches and aquatic recreation facilities.

What

Wollongong City Council operates 17 patrolled beaches, two heated swimming pools at Dapto and Corrimal, six free public swimming pools located at Helensburgh, Thirroul, Western Suburbs (Unanderra), Continental Baths (Wollongong), Port Kembla and Berkeley. We have nine ocean rock pools situated at Coalcliff, Wombarra, Coledale, Austinmer, Bulli, Woonona, Bellambi, Towradgi and Wollongong Gentleman's pool. Aquatic Services also provides ocean and pool lifeguard services, and surf education programs.

How

Provide affordable and equitable access to beach and pool recreational services for the Wollongong community.

Operational management at Council's 17 patrolled beaches throughout the Wollongong Local Government Area.

Work with volunteers and contractors to provide services including: surf lifesaving; surfing tuition; swim training; and learn to swim programs.

Monitor and implement appropriate responses to ensure improved mobility, surveillance, surf education and emergency response.

Monitor and respond to the demands on our foreshore areas, including lifeguarding services, garbage, littering, and waste collection.

Operate and maintain two heated swimming pools at Dapto and Corrimal and six free public swimming pools located at Helensburgh, Thirroul, Western Suburbs (Unanderra), Continental Baths (Wollongong), Port Kembla and Berkeley.

Maintain nine ocean rock pools situated at Coalcliff, Wombarra, Coledale, Austinmer, Bulli, Woonona, Bellambi, Towradgi and Wollongong Gentleman's pool.

Deliver Water Safety Education Programs to schools, TAFE, and University of Wollongong students and coordinate a range of education programs to provide safe community access to beaches.

Implement program opportunities and innovative activity options to encourage healthy living, optimise user experience, increase patronage, and new revenue streams at our supervised public swimming pools.

Maintain key statistics on beach usage, incidents and preventative actions based on year-on-year comparisons, and manage service levels accordingly.

Implement a program to maintain pool amenities, consistent with good design principles.

Explore and deploy Smart Technology options to better obtain and utilise attendance and event data to inform Lifeguard services provision.

Financial Services

Responsibility *Chief Financial Officer*

Why

Council's resources are managed effectively to ensure long term financial sustainability.

What

Wollongong City Council is a large and diverse organisation that provides services from the funding it receives from its community through rates, grants, fees, and charges. Financial Sustainability, conservation of Council's capital and operational efficiency are aims of this service. This is achieved through financial strategy, policy, budgets and controls; while ensuring Council meets its taxation obligations, investment return, and internal and external reporting that provides transparency about decision-making. A key focus of the service is to maintain a high level of customer service to its internal and external stakeholders.

Delivery Streams

- Rates and Sundry Debtors
- Management Accounting and Support
- Financial Accounting and Control
- Funds Management
- Tax Management and Compliance

Funding at a glance

The tables below provide a snapshot of Council's estimates for sources of revenue and expense categories for 2025-2026. More detailed information is provided in Attachment 1 - Budget 2025-2026 and Attachment 3 - Revenue Policy, Rates, Annual Charges and Fees 2025-2026. The Delivery Program 2025-2029 and Operational Plan 2025-2026 is based on Council's assumptions

and indices including a 4.7% rate increase set by the Independent Pricing and Regulatory Tribunal (IPART). The rapid increase in some current costs and future cost estimates has already created a gap between the IPART approved Rate increase of 4.7% and Council's estimated costs for 2025-2026 and beyond.

Projected Sources of Revenue

Revenue Type	2025-2026 Forecast (\$M)	2026-2027 Forecast (\$M)	2027-2028 Forecast (\$M)	2028-2029 Forecast (\$M)

The relationship between the Community Strategic Plan and other strategies and plans

The United Nations Sustainable Development Goals

The United Nations Sustainable Development Goals were agreed and adopted by the United Nations member states, including Australia, in September 2015 as part of the 2030 Agenda for Sustainable Development. Seventeen Goals underpinned by 169 targets will guide efforts to increase global wellbeing by addressing some of society's key challenges.

As the goals relate to the global environment, some of the issues that are explored are not as relevant to Wollongong as they are to developing countries. There are other goals, such as Sustainable Cities and Communities that are very relevant to Local Government, and focus on urban planning and accessible transport.

Each of the United Nations Sustainable Development Goals have been considered in the preparation of this Plan, and where there is alignment, they have been mapped to each goal in this Community Strategic Plan.

Wollongong Botanic Garden*

Council's Supporting Document Framework

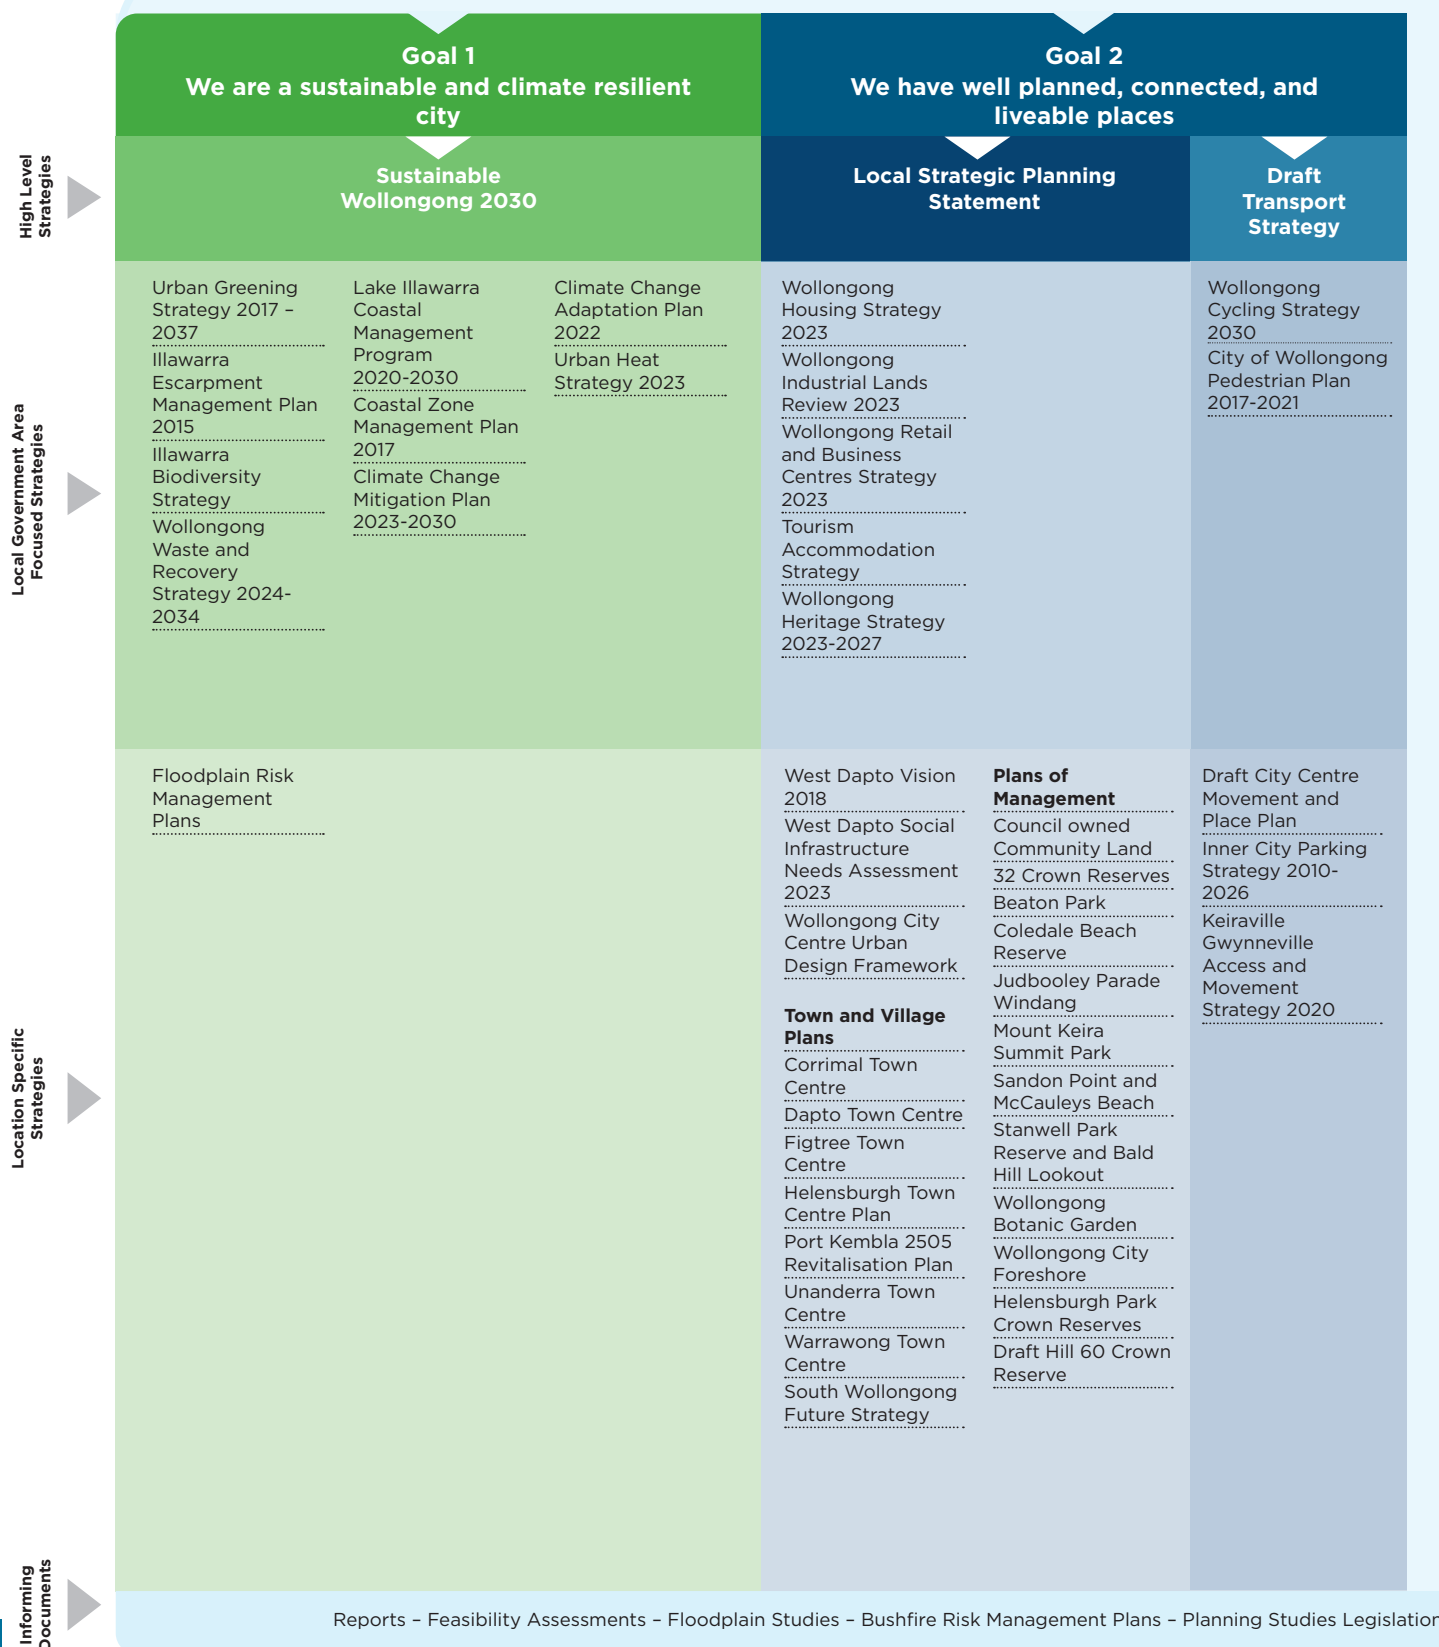

Our Wollongong Our Future 2035 Community Strategic Plan represents the highest level of strategic planning undertaken by Council. Council has many other strategies and plans for specific focuses that are developed following planning and engagement.

Council refers to its adopted strategies and plans as Supporting Documents. These direction setting documents support the development of the Community Strategic Plan, Council's Resourcing Strategy, Delivery Program and Operational Plan.

Supporting Documents include goals, strategies and actions specific to a project or location. However, until the actions are enabled through resourcing and included in the Delivery Program and Operational Plan, they remain aspirational. Council's Supporting Documents have been considered in the development of the Community Strategic Plan and the Delivery Program and Operational Plan. These Supporting Documents have been informed by extensive data, research and community input, making them an important source for consideration in the future vision and goals for the Wollongong Local Government Area.

Wollongong City Council Supporting Documents Roadmap

The following Supporting Documents have been endorsed by Council as draft or adopted by Council as final:

The Resourcing Strategy supports the delivery of Council's Delivery Program

Our engagement principles

The approach we used to develop Our Wollongong Our Future 2035 Community Strategic Plan was underpinned by the social justice principles of equity, access, participation and rights. When applied well, these principles offer opportunities to: involve the community in decision making; build relationships and trust; strengthen community; and create a sense of belonging; and keep the community informed. These principles also informed the development of the Delivery Program and Operational Plan.

Our Community Engagement Strategy Council Policy outlines Council's commitments and principles for engaging with our community. Your views, ideas and local knowledge are an important part of the decision-making process. Other things we need to consider include financial impact, legislation (State and Federal), Council policies and resolutions, technical information, and economic, environmental, social, and governance impacts.

Our engagement goals were:

Build awareness and understanding

Use methods to help everyone learn about what the Community Strategic Plan means and why it's important.

Learn what people want for the Wollongong Local Government Area

Ask clear questions and use practical methods to understand the community's expectations and priorities for the future of our area.

Include diverse voices

Use inclusive methods based on social justice principles to make sure we hear from all parts of our community.

Get more people involved

Try various methods to encourage as many people as possible to share their views and participate in our discussions.

Our Sustainability Commitment

Wollongong City Council will work to protect our local environment, reduce the use of natural resources and to support our quality of life for present and future generations. We will demonstrate leadership and responsible planning and decision-making to avoid any harmful local and global effects of our actions. We will also work in partnership with the community, stakeholders and other government organisations to achieve our sustainability and climate change commitments.

A quadruple bottom line approach, based on achieving integrated sustainability through the interlinked areas of environmental, social, economic and governance activities, underpin Council's commitment to sustainability. Principles have been developed which further clarify how these areas will be considered by Council in carrying out its operations.

Governance:

- a) We value sustainability leadership and will demonstrate how sustainability can be practically implemented;
- b) We believe sustainability should be intrinsic to all decision-making and incorporated as a fundamental component of all Council processes;
- c) We support understanding of the importance of sustainability and will improve sustainability awareness throughout Council and the community; and
- d) We recognise the importance of issues beyond our borders and aim to create a balance between local and global issues.

Environmental sustainability:

- a) We respect our natural resources and work to protect and enhance these for current and future generations;
- b) We value our natural biodiversity and work to protect and enhance local native habitat;
- c) We treasure our coastal areas and waterways and work to maintain their health and special qualities;

- d) We will not undertake any actions that have a potential risk to cause serious harm to the community or the environment even in the absence of scientific certainty (the precautionary principle);
- e) We recognise the importance of access to fresh, local and sustainably produced food;
- f) Climate Change - Council is committed to a whole of organisation approach to reducing the impacts of climate change, from planning for future sustainable infrastructure, modes of transport, planning considerations and community education.

Social-cultural sustainability:

- a) We respect universal social justice and will work to improve community wellbeing and quality of life;
- b) We value social equity and believe that services, facilities and community amenities should be accessible and equitable;
- c) We support equal rights and constructive engagement with the community in decision-making;
- d) We will actively involve people from diverse linguistic, cultural and spiritual backgrounds.

Economic sustainability:

- a) We will use resources efficiently and responsibly and reduce our ecological footprint;
- b) We support sustainable asset management principles;
- c) We understand the impact of poverty on quality of life and will work to address disadvantage in our community;
- d) We value a strong local economy and will encourage the use of local businesses and resources in our operations;
- e) We believe in local economic growth that respects our natural heritage and values and will foster sustainable and green economic opportunities.

Appendix 1: Terms used in this plan

ABS Census	Australian Bureau of Statistics (ABS) conducts the census every five years. The census provides information on the characteristics of the Australian population and housing down to small geographic areas and for population groups. This information supports planning, administration, policy development and evaluation by governments and other users. The Census provides a snapshot of the nation. Data gathered helps guide decisions about funding for infrastructure, community services and facilities.
Annual Report	A report on Council's achievements in implementing the Delivery Program and Operational Plan. It also explains how effective the principal activities have been in helping to achieve the objectives in the Community Strategic Plan.
Asset Management Strategy	A ten year strategy included in Council's Resourcing Strategy for the provision of asset and infrastructure resources required to implement the Community Strategic Plan.
Biodiversity	Biodiversity refers to the variety of all living things including different plants, animals, fungi and micro-organisms, the genetic information they contain, and the ecosystems they form a part of. It is often described as the 'web of life', because all life forms are interconnected and depend on each other.
Community	Describes the outcomes we want for children, adults, families, business and the wider community. They guide long-term planning and reflect the community's shared vision and aspirations.
Community Goal	These are about the end result we want for children, adults, families, business and communities.
Community Strategic Plan	The highest-level plan which identifies the community's long-term priorities, aspirations and vision for the future of the Local Government Area. It must cover a minimum timeframe of ten years and is developed in partnership with the community. The Community Strategic Plan is a whole of community plan, with implementation shared by Council, other levels of government, community organisations and stakeholders.
Delivery Program	Details the principal activities Council will undertake over its four-year term to implement the strategies identified in the Community Strategic Plan. It is Council's commitment to the community and guides the allocation of resources and services during the elected Council's term.
Digital Strategy	Overview of Wollongong City Council's commitment to continuous improvement in technology.
Governance	The values, policies and procedures Council and its staff adopt, to provide ethical, transparent and accountable local governance.
Infrastructure	Refers to built structures and systems such as roads, railways, airports, water supply, sewers, power grids, telecommunications networks, buildings and public facilities.
Innovation	Using new ideas, technologies, or methods to improve how Council delivers services, engages with the community, and manages resources.

Appendix 1: Terms used in this plan

Liveable	The degree to which a city supports the health, wellbeing and quality of life of its residents, now and into the future.
Long Term Financial Plan	Included in Council's Resourcing Strategy for the provision of resources required to implement the Community Strategic Plan. This is the point where long-term community aspirations and goals are tested against financial realities.
Objectives	Outlines a series of sub-goals required to achieve the Community Goals.
Operational Plan	Details the services, activities and projects Council will deliver in a single financial year to implement the Delivery Program.
Performance Measures	Track trends to ensure we are heading in the right direction.
Principles	Are a set of high-level statements or goals used to guide our thinking and activities. They provide a framework for decision making and action, and form the basis for developing action-oriented goals and objectives.
Quadruple Bottom Line (QBL)	A balanced and holistic approach to achieving sustainability. This means that social, environmental, economic and civic leadership considerations must be addressed in planning, decision making and reporting.
Quarterly Review	Reports on progress against indicators and major projects in the Delivery Program and Operational Plan. Reported to Council on a quarterly basis.
Resourcing Strategy	A long term plan that outlines how Council will manage its finances, workforce, assets and digital technology to support the delivery of services and achieve the community's goals.
State of Our City Report	Reports on progress achieved toward the Community Strategic Plan.
Strategies	How we plan to achieve the objectives.
Supporting Document	Council's aspirational strategies and plans. Supporting Documents include actions that may be considered for resourcing as part of the Delivery Program.
Sustainable	In this plan, the term 'sustainable' is used in different contexts, including environmental, social, cultural, economic sustainability. Further detail is provided on page 121 of this plan.
Sustainable Development Goals	Seventeen Sustainable Development Goals adopted by the United Nations member states, including Australia, in September 2015 as part of the 2030 Agenda for Sustainable Development.
Vision	Our community's aspiration for how we want our city, our community and our lives to be in the future.
Workforce Management Strategy	Included in Council's Resourcing Strategy for the provision of workforce resources required to implement the services Council is responsible for as outlined in the Community Strategic Plan. This Strategy addresses the human resourcing requirements of Council's Delivery Program.

On Dharawal Country, from the mountains to the sea, we value our natural environment, we respect each other, our past and future. We will be a sustainable, connected, vibrant, and innovative city, with a diverse economy.

We are a sustainable and climate resilient city

We have well planned, connected, and liveable places

We foster a diverse economy, and we value innovation, culture, and creativity

We have a healthy, respectful, and inclusive community
